**MODERN MIRACLE.** William Flanagan appears remarkably healthy at Philadelphia's Hahnemann Hospital after his life was saved by specialists when his heart beat stopped. Nurse Alice Thompson uses a stethoscope to make sure all is well. Flanagan's heart stopped Saturday and massage and electric shock failed to stimulate it again. Doctors then flushed his heart with 20 gallons of water and it started functioning. Three blood transfusions and huge doses of antibiotics were administered. Later, Flanagan polished off a steak dinner. (UPI Telephoto)

## 57 Units Await Fete Marking Veterans Day

### 2,000 Marchers Due Wednesday Morning In Midland Parade

Fifty-seven units, comprised of 2,000 persons, will march in a Beaver County Veterans' Day parade Wednesday at 10:30 a. m. in Midland, sponsored by county American Legion posts.

Thousands are expected to watch the procession, which will include public officials — Rep. Frank M. Clark of the 25th Pennsylvania Congressional District, Judges Robert McCreary and Frank Reed, District Atty. Richard P. Steward and Sheriff John Hineman.

Midland American Legion Post 481 will be host. John Fantone, parade marshal, said units will assemble at 9:30 a. m. at the west end of Midland at 1st St. School.

The parade will travel east on Midland Ave. to 11th St. and turn left to Beaver Ave. to disband. The reviewing stand will be at 8th St. and Midland Ave. at the post home.

A siren will sound at 11 a. m., the parade will halt and buglers will sound taps. Immediately afterwards, all bands will play the "Star Spangled Banner." Then the parade will continue.

Units will include nine bands, the high school bands of Midland, Wellsville, Ambridge, Beaver Falls, Northwestern of Darlington, Rochester, Freedom and New Brighton and the professional Monaca Cornet Band.

Other units will include the drum and bugle corps of the Red Devils of the Rochester Legion Post, the George Junior Republic drill team of the Grove City Legion School for Youth, the 28th Signal Battalion of the National Guard in New Brighton, the drill squad of VFW Post 128 at Rochester, the auxiliary drill team of the Eagles Lodge 283 of Rochester, the Beaver Falls VFW auxiliary, the Sterling Lewis Indians, a Rochester Boy Scout Troop and the New Brighton Sons of the Legion and Daughters of the Legion.

Legion posts represented will include East Liverpool Post 374 and those of Ambridge, New Brighton, Rochester, Beaver Falls, Monaca and Posts 481 and 583, both of Midland. There will be a marching unit of a World War I group. (Turn to MIDLAND, Page 5)

## Largest A-Sub Joins U.S. Nuclear Fleet

GROTON, Conn. (AP) — The world's largest known atomic submarine, designed as an underwater "early warning station," today becomes a part of America's growing nuclear fleet.

With a dockside commissioning ceremony, the 447-foot, 5,900-ton Triton officially joins the Navy. Her skipper, Capt. Edward Beach, calls the Triton "the best and most versatile submarine ever built."

Beach, former naval aide to President Eisenhower, said the radar picket ship has the power to match its huge size and that "we can do just about anything that other nuclear subs now in service can do. And we can do some things they can't."

## Aspirant Asks New Count Of Trustee Race

An Elkrun Township man today asked the County Election Board for a recount of the township trustee race which he lost by seven votes in the Nov. 3 general election.

Meanwhile, the board said there also is a possibility of a recount being asked in the contest for First Ward councilman in Salem. The deadline for seeking recounts is Wednesday at 4 p. m.

Clifford F. Westover filed the recount petition this morning, asking a recount of the three township precincts and posting a \$30 fee.

Westover was defeated by Walter H. Coie, incumbent trustee, in the official canvass completed by the board last Friday. The vote was 150 for Coie to 143 for Westover.

F. R. O'Hanlon, clerk, said there is a possibility that Rudolph M. Linder will seek a recount of the First Ward Council race in Salem. Linder was defeated by Albert Lesch by a margin of a votes, polling 591 to 599 for Lesch. There are 6 precincts in the ward.

Candidates asking recounts must post a fee of \$10 for each precinct they want recounted, O'Hanlon explained. If the candidate shows a gain of 4 per cent or more over the official count or there is a change in the result, the fee is refunded, he said.

Meanwhile, Columbiana County commissioners told the board they spent nothing in seeking approval of a \$980,000 bond issue for a new county home. The proposal was defeated at the election.

Dr. C. S. Palmer, secretary of the County Health Board, said it had no expenditures in supporting a tax levy in the general health district, which also was defeated. New Waterford Village Council also reported no expenses in connection with a \$35,000 bond issue for a sewer system.

The first two successful Democratic candidates in East Liverpool contests also filed the sworn expense statements.

Charles N. Edwards, Council president-elect, reported he spent \$26.58 in his successful campaign while Donald S. Hancock, elected (Turn to RECOUNT, Page 5)

## Drive To Close Dollar Gap

## West Okays U.S. Move To Cut Foreign Spending

WASHINGTON (AP) — Western diplomats appear reconciled to a United States decision to cut foreign military and economic spending as part of a drive to close the overseas dollar gap.

They are unhappy about the prospect. But they fear there is little or nothing they can do except to hope the cuts will not be drastic. Some foreign finance experts believe the Eisenhower administration is overly alarmed about the problem.

At present, the United States is spending four billion dollars more in other countries each year than it earns from trade and investments. This record deficit rate has sent

## 4 Die When 2 Jets Go Down In Snowstorm

### 2 Others Bail Out, 'Chute To Safety During Maneuvers

GREAT FALLS, Mont. (AP) — A sudden, blinding snowstorm sent three Air Force jet planes crashing out of today's early darkness. Two of the craft carried four airmen to their deaths. Seconds before their plane crashed, two other airmen bailed out and parachuted safely onto a central Montana ranch.

Rancher Olind Jenni saw one plane crash, its fiery flash illuminating the darkness like daylight at the base of a large hill. Minutes later a second plane crashed against the same hill.

A number of other F89 Scorpion jet fighter interceptor craft, caught in the snow-jammed night skies, barely got onto off-base civilian runways 250 air miles away at Billings. Some apparently ran fuel tanks dry and others near exhaustion.

Their exact number and specific mission were withheld as classified military information at the home Malmstrom Air Force Base here.

Early reports included what happened to eight aircraft. But this list appeared incomplete. Others than those on the training mission were involved.

A T33 jet trainer aircraft, on a separate administrative mission, skidded to an emergency landing on its belly and its two men walked out unharmed.

The 29th Air Defense Headquarters at Malmstrom said the dead were:

Lt. James E. Copher, 25, of Broad Camp, Ark., a pilot, and Lt. Ronald D. Hemby, 23, of Frederick, Md., the radar observer, both in the plane which crashed near Ulm, south of Great Falls.

Lt. Charles G. Daniels, 27, of Hayward, Wis., the pilot, and Lt. Eugene A. Murtha, 23, of New York City, both in a crash near Lewistown.

Parachuting safely in the Lewistown area were Capt. John Buttner, 31, of Bluefield, W. Va., the pilot, and Lt. James Johnson, 27, of Groesbeck, Texas, radarman.

administration authorities on an intensive back-stage hunt for ways to cut spending and to boost American exports without sacrificing America's free world leadership.

No final decisions have been made but Secretary of the Treasury Robert B. Anderson is reported pushing a drive to cut foreign aid spending as well as some of the 3½ billion dollars which goes to maintain American troops and bases overseas.

Allied diplomats have been watching this trend apprehensively. They fear this budget pruning mood may tempt Congress to back even further at scaled down requests. Another fear is that Con-

## Steel Begins Slow Trickle From Mills

### Industry Continues To Shake Effects Of Crippling Walkout

PITTSBURGH (AP) — A small quantity of newly made steel trickled from the furnaces of some mills today as the nation's giant steel industry continued shaking off the effects of a crippling 116-day strike.

The amount of new steel was relatively small, but it was a start toward the bigger production

## Crucible Continues Return To Normalcy

Maintenance work was proceeding on schedule today at the Midland Works of the Crucible Steel Co. as the plant was slowly being brought back into full operation.

The first workers started back to their jobs Saturday, shortly after the Taft-Hartley Law injunction ended the long nationwide steel strike. A company spokesman said no major difficulties have been encountered to date. Area workers were reminded they will be notified by their foremen when to report for work.

which the government sought in obtaining a Taft-Hartley injunction to end the strike and open the mills.

Steel works across the country began reopening Saturday, a few hours after the U.S. Supreme Court upheld the injunction that will keep the mills running for 80 days.

Only a handful of men — mostly maintenance workers — started work Saturday for the tedious job of reopening mills. But by Monday, long-idled steelmen were being recalled by the thousands as iron-making blast furnaces and steel-making open hearth furnaces were started.

As more men were recalled today, an estimated 35 per cent of the nation's 500,000 basic steel workers were back on the job. But industry spokesmen say it will be weeks before production amounts to much.

Among plants turning out new steel Monday were Republic Steel's Buffalo plants, Bethlehem Steel's San Francisco works, Jones & Laughlin's Cleveland works and Bethlehem's Steelton, Pa., plant.

With the reopening of mills, some of the 335,000 workers who had been furloughed in allied industries began returning to their jobs, but in small numbers.

In southwestern Pennsylvania, six coal mines owned by steel companies reopened Monday. More were slated to open today. The Pennsylvania Railroad recalled 200 furloughed trainmen.

## Van Doren TV Incident Leads To Movie Offer

HOLLYWOOD (AP) — Charles Van Doren's acting on what he says was a rigged quiz show has led to a movie offer.

Producer Mervyn LeRoy says he wants Van Doren to play a prosecutor in "Wake Me When It's Over," a film he is making for 20th Century-Fox.

"It's time someone gave him a job that would pay a living wage," LeRoy said Monday. "I think, too, that he was a very good actor on all those TV shows."

Van Doren testified this month he was only pretending to have trouble answering questions on the now defunct "Twenty-One" quiz show. He knew the answers all the time, he said.

# AFL-CIO Eyes Congress Action To Change Laws For Dealing With Strikes

**ORE FOR STEEL MILLS.** Iron ore for newly reopened steel mills is unloaded at U.S. Steel's south works in Chicago Monday from the 12,900 ton vessel Henry H. Rogers, first ship carrying ore to arrive in Chicago since July 14. Rail cars in foreground are heaped with fuel for long-idled furnaces. Many ore boats are racing between Chicago and Duluth, Minn., to get ore through before ice blocks the waterways. (UPI Telephoto)

## Dag To Leave For Laos Over Reds' Protest

### U.N. Chief Plans To Spend Week In Troubled Kingdom

UNITED NATIONS, N.Y. (AP) — Secretary-General Dag Hammarskjold leaves for troubled Laos tonight despite a sharp Soviet protest that his trip can only complicate the situation.

Outwardly ignoring Moscow's growing annoyance over his taking an active role in the Laotian issue, Hammarskjold plans to spend a week in the Indochinese kingdom to learn first hand about its troubles with Communist rebels.

The Soviet Union complained publicly after the secretary-general informed the 11-nation Security Council by letter that he might leave a personal representative in the embattled country.

Soviet delegate Arkady Sobolev in a reply to Hammarskjold rejected his reasons for making the trip and possibly leave a "U.N. presence" in Laos.

"All such steps," said Sobolev, "cannot be considered otherwise than attempts to use the United Nations for covering the actions of certain powers, aimed at complete liquidation of the Geneva agreement (of 1954) which cannot but entail dangerous consequences for peace in Southeast Asia and in the whole world."

The U.S.S.R. has demanded revival of the International Control Commission, composed of Canada, India and Poland, set up under the 1954 Armistice which ended the Indochina war.

Hammarskjold declined to comment on the Soviet letter. Hammarskjold decided to go to Laos last week after a subcommittee of the Security Council reported that it had found no evidence that North Vietnamese had invaded Laos to help the Laotian rebels.

## Hussein On Vacation

AMMAN, Jordan (AP) — King Hussein left in his private plane today for a vacation in Europe. After a stop in Beirut, he planned to fly to Rome.

## Rocket Hurls Radio Gadget Far Into Space

WALLOPS ISLAND, Va. (AP) — A five-stage rocket hurled a tiny radio transmitter 1,050 statute miles into a cold, cloudless sky today. The nose cone dropped into the Atlantic about 28 minutes later some 800 miles off shore.

The instruments it carried aloft sent back new information on the electronic density of space more than 800 miles up.

The vapor trail and smoke left as the rocket roared upward could be seen along most of this Delaware-Maryland-Virginia peninsula. There was virtually no wind, and the long column hung motionless for several minutes.

The shoot was conducted by the Army's Ballistic Research Laboratories based at the Aberdeen Proving Grounds, Md., in cooperation with the National Aeronautics and Space Administration.

The Army said all phases of the shoot — dubbed "Strongarm" — performed just as expected.

The tiny transmitter was designed and packaged by Dr. Lyman W. Orr of the University of Michigan to get a reading on the amount of electronic activity in the upper reaches.

## City Students Unaffected

Some East Liverpool area schools will be closed Wednesday in observance of Veterans Day—Armistice Day to the old-timers—but business and industry will move ahead as usual.

Virtually all public offices will be closed and some financial institutions will join in the observance. It will be studies as usual for students in East Liverpool's public and parochial schools, but closings are planned for the Columbiana County rural system and all buildings in Hancock County, including Chester, Newell, New Cumberland, Pughtown and Weirton.

Wellsville public schools will be closed, but immaculate Conception Parochial school will remain open.

Stanton Local Schools, including those in Irondale, Hammondsville, Port Homer, Stratton and Empire, will observe the regular classroom schedule Wednesday.

Courthouses at Lisbon, New Cumberland and Beaver will close. City Hall and Municipal Court will join the observance. At Lisbon, the Postoffice will be closed and banks will operate only until noon. New Cumberland's Village Hall will be closed.

City stores and area potteries will maintain regular working schedules. As is customary, stores will close at noon on Wednesday. (Turn to HOLIDAY, Page 5)

## U.S. Assails Cuba Reports On 'Bombing'

### Brochure Linking This Country To Violence Protested

WASHINGTON (AP) — The United States again has accused Fidel Castro's Cuban regime of circulating false reports it said apparently were designed to create hostility between the two countries.

Target of the newest Washington protest was what the State Department called "an offensive brochure" seeking to link this country with violence in Havana Oct. 21 in which two persons were killed and 45 injured.

It was the second time in two weeks this country has protested Cuban charges that the damage was caused by U.S.-based planes which Cuba said dropped not only leaflets but live bombs.

Cuban Ambassador Ernesto Dighigo, called into the State Department to receive the statement, said the brochure "contains nothing against the U.S. government."

An earlier protest was handed to Cuban officials in Havana Oct. 27.

Arthur J. Goldberg, Steelworkers Union general counsel, told the delegates organized labor must be ready with positive recommendations for changing the national emergency strike provisions when Congress reconvenes in January.

Goldberg suggested a wide range of alternative steps open to the President so that neither labor nor management involved in a big strike would know what governmental action to expect. That would put both sides under pressure to reach a voluntary settlement before an emergency develops, he said.

## Union Chiefs See Setup As 'One-Sided'

### Meany And Reuther Aim Attack Against Injunction System

WASHINGTON (AP) — AFL-CIO leaders, sharply critical of President Eisenhower's handling of the steel strike, mapped plans today to get Congress to revamp present laws for dealing with national emergency strikes.

The most caustic comment against Eisenhower came from Emil Mazey, secretary-treasurer of the Auto Workers. He charged

## White House Attacks Charge Against Ike

WASHINGTON (AP)—The White House today described as demagoguery the charge by labor leader Emil Mazey that President Eisenhower's actions in the steel strike were a political payoff to the steel companies.

Press secretary James C. Hagerty told newsmen: "Such demagoguery, leveled against President Eisenhower, is, of course, not really worthy of comment. I am sure that the American people realize that the President acted only when it was clear that the welfare of the United States dictated positive action under the law. Such action was upheld by the courts of our land."

The President used the Taft-Hartley law to end the 116-day steel strike as "a political payoff to steel companies."

Both George Meany, AFL-CIO president, and Walter Reuther, Auto Union president, charged in other speeches that the injunction procedure used to end the steel strike is a one-sided solution against unions.

They said it bore out labor's charges that the Taft-Hartley Act is a slave labor statute that can be used to make men work against their will.

The union group itself, claiming to represent seven million labor union members, adopted a resolution criticizing the government's action as an attempt at strike-breaking.

"This injunction was imposed deliberately after the strike began to pinch the industry in its most sensitive nerve center—its pocket-book," the union resolution said.

The Supreme Court upheld Saturday the Taft-Hartley law injunction which the administration had obtained more than two weeks earlier on its contention the nation's health and safety were threatened.

Arthur J. Goldberg, Steelworkers Union general counsel, told the delegates organized labor must be ready with positive recommendations for changing the national emergency strike provisions when Congress reconvenes in January.

Goldberg suggested a wide range of alternative steps open to the President so that neither labor nor management involved in a big strike would know what governmental action to expect. That would put both sides under pressure to reach a voluntary settlement before an emergency develops, he said.

## After Stabbing Incident

## 'No Wife Beater,' Bob Crosby Says

By JAMES BACON  
AP Movie-TV Writer  
HOLLYWOOD (AP) — "I'm no wifebeater. I didn't lay a finger on my wife."

So says Bob Crosby, Bing's 46-year-old kid brother, in flatly denying his wife's assertion that he beat her Saturday night and that she stabbed him with a letter opener in self-defense.

Crosby suffered a gashed shoulder. His wife June, 39, said one of her ribs was broken in the quarrel.

The incident occurred only a few hours after the bandleader-TV personality had played golf with Vice President Richard M. Nixon.

Crosby said Monday his wife flew into a rage when he asked her where their three boys were and she didn't know. Mrs. Crosby told newsmen her husband was in a "violent mood and wanted to fight with someone."

Both agreed that the incident marked the end of their 21-year marriage. Neither announced any plans for divorce, however.

Crosby said a series of family crises led up to the ruckus. Cathy, 30, eldest of the couple's five chil-

dren, is in a hospital suffering from what her mother calls a mental breakdown.

"We'd been to the hospital earlier in the day, talking to Cathy's doctor about her illness," Crosby said. "We have had problems, like many parents have, with all our children. I'm afraid this latest news will give Cathy a setback."

Mrs. Crosby said she grabbed the letter opener for self-protection after he knocked her down without provocation. Crosby said the argument got violent when he asked her where the boys were. "She didn't know," he said. "I told her that we should always know where the kids are and who they are with at all times."

"This enraged her, and she came at me pounding with her fists at my shoulders. I didn't see any letter opener—I didn't feel any. Yet she stabbed me with it five times. I didn't realize what had happened until I saw blood on my pajamas."

An interviewer asked him about his wife's report of a broken rib. "If my wife is hurt, it's only because I had to use force to take the letter opener away from her," he said. "I'm the one who got stabbed, not her."

Crosby's injuries apparently were minor. He was playing golf Monday when newsmen tried to ask him for comment. He abandoned his clubs and rolled hurriedly from the scene in an electric golf cart. Later he talked to newsmen at the home of his brother Larry, where he is staying.

## "TRUTH IS ALWAYS STRANGER THAN FICTION"

—(Author's Name Below)—

Stories have been written about magic potions that could cure disease. But no fiction is as true as the present fact that five or ten dollars worth of antibiotic capsules can now, almost overnight, cure a pneumonia.

The truth is almost unbelievable. Vitamins and Hormones are the fabled "Elixir of Life". They help add years to your living. The greatest miracle of all is that despite the tremendous research expense needed to discover and perfect new medicines, more than half the prescriptions we compound still cost less than \$3, which is about the average charge for all prescriptions.

## Council Votes Higher Power Rate In Lisbon

LISBON — Electric power rates will increase next month for Lisbon customers as a result of Council approval Monday night of an ordinance granting new tariffs to the Ohio Edison Co.

The increase will average 7 per cent over present rates — between 50 and 70 cents a month for the average residential consumer, an Ohio Edison spokesman estimated.

The legislation was supported last night by Councilmen Robert Kelm, E. G. Heilbronner, Dean Stockman, John Blockson and Richard Bloor, W. J. Loudon was absent.

Dean Beck, manager of the utility here, was present at last night's meeting. He advised that 50 of 60 municipalities already have passed the increases asked by the company.

Council also discussed placing a catch basin in an alley between W. Chestnut St. and W. High St. to eliminate drainage problems in heavy rains. Council estimated cost of the tile at \$360 and excavating at \$300. Approximately 450 feet of tile will be needed to put in the catch basin to hook up to a storm sewer, Council estimated.

An ordinance presented by Lisbon truckers and written by Atty. John Beck at Council's request was referred to the street committee, comprised of Kelm, Blockson and Heilbronner. They will study it and report to council at the next meeting.

The proposed ordinance would allow truckers — under certain circumstances — to use streets that are not parts of state routes. Under existing legislation, they are confined to use of state routes.

Council authorized a resolution be sent to the Interstate Commerce Commission in Washington requesting the merger of the Erie and Delaware - Lackawanna and Western Railroads. The Erie Railroad, which serves Lisbon, asked passage of the resolution to help the merger, promising better railroad service for the area.

Council also discussed blacktopping of the tennis courts at the Sadie VanFossan swimming pool. The courts are being constructed by the Lisbon Junior Chamber of Commerce and Council. The blacktopping has been partially completed.

Stockman asked that school signs be placed on Spruce St. His request was referred to Street Commissioner Thirli Flanagan.

The next meeting will be Monday, Nov. 23, at 7:30 p.m.

## Midland Firemen Give For Dystrophy Drive

Midland volunteer fire company No. 1 donated \$37.50 to the Beaver County Chapter of Muscular Dystrophy at a meeting Monday night in the Borough Building.

Plans also were made for a Christmas party for members, their wives and children Dec. 19. Gifts will be given the children.

In charge of plans are Chief Vincent D'Itri, Bill Cook, president, Tony Monaco, and Olive Hamel. D'Itri reported Auditor General Charles Smith sent a letter informing the department that state allotments for a firemen's relief fund have been reinstated. Firemen approved \$25 a month firemen's relief for Joseph Lento, a retired member.

The next meeting will be Dec. 9.

## Training Session Set

LISBON — The second session of the advanced leaders training course of the Columbiana Boy Scout Council will be held Saturday and Sunday at Camp McKinley, according to Dr. Sherman Moore of Salem, training chairman. Forty attended the first session last weekend for scout master, assistant scoutmasters and other adult scouters.

## Building Permits Attain New Highs For East Palestine

EAST PALESTINE — Building permits for October hit \$200,000 — a record of recent years — the Planning Commission reported today, adding the figure included a permit for a \$150,000 shopping plaza announced last month for E. Taggart St.

Permits for the first nine months of the year totaled \$176,000. Mrs. Sue Griffith, secretary of the commission, said. Permits for September amounted to \$17,200.

The shopping plaza, for which a permit was filed by Richard C. Mason, will include four business places, two of which have already been contracted.

Other permits granted last month were Mrs. George Watson and James McCarthy, homes in Neely Manor, A. C. Oakley, for a new home along Alice St., and the Masonic Temple, for new stairs and windows in the building along with permits for two private garages.

## 4 Motorists Fined On Traffic Cases

LISBON — Four motorists were fined a total of \$37 and costs Monday by County Judge James L. MacDonald for traffic violations and another forfeited a bond when he failed to appear for a scheduled hearing.

Clyde McVay, 23, of Lisbon R. D. 1 was fined \$10 and costs for using fictitious plates. He was sentenced to six months in the County Jail for driving without a driver's license, but sentence was suspended providing he gets a valid license.

Frederick E. Cope, 52, of Salem was fined \$10 and costs and Benford H. Stuck, 35, of Toronto was fined \$5 and costs, both for stop sign violations.

Patricia L. Kirkbride, 24, of East Liverpool R. D. 2 paid \$2 and costs for a defective muffler on her car.

Joseph J. Dlouhy, 19, of Cleveland forfeited \$10 for speeding. All were cited by the State Highway Patrol.

## Scout Session Changed

LISBON — The Shownee District Boy Scout meeting set Wednesday at 7:30 p. m. at Camp McKinley has been postponed to Thursday evening because of Veterans' Day, according to Leonard McDaniel, executive head of the Shawnee District.

## Deaths and Funerals

## Mrs. Heasley Claimed At 72

Mrs. Minnie Mae Heasley, 1063 Ohio Ave., mother of William C. Heasley, former city safety-service director, died at 7 a. m. today at City Hospital shortly after she was admitted after becoming ill suddenly at home. She was 72.

Widow of Edwin L. Heasley, who died in 1953, she was born at Moss Grove, Pa., Sept. 24, 1887, a daughter of the late William and Sarah Ridgely Longstreth. She was a member of the Daughters of America.

Mrs. Heasley operated a cafeteria in the YMCA for about 10 years and was the cook at the Y's Pine Ridge Camp for many years.

Besides her son, she is survived by a daughter, Mrs. Wayne T. Dorsey, with whom she resided, two grandchildren and a great-grandchild.

The body was removed to the Dawson Funeral Home. Arrangements are incomplete.

## Roy Mellott

Roy D. Mellott of Sherwood Ave., LaCroft, a machinist, was pronounced dead on arrival at City Hospital of natural causes Monday at 10:30 p. m. He was 70.

He was stricken at home just before being taken to the hospital. Born in Stratton, Mr. Mellott spent his life in this vicinity. He has been employed as a machinist at the Edwin M. Knowles China Co. the last 10 years. He was a member of Maintenance Local 172, IBOP, and Local 172, American Federation of Musicians.

Surviving are his widow, Mrs. Diana Mellott, at home; two sons, Ralph Mellott of Pittsburgh and Eugene Mellott of Wellsville; three daughters, Miss Geraldine Mellott of Cleveland, Miss Doris Mellott of Denver, Colo., and Mrs. Charlotte Clifton of Willoughby; three brothers, Cleo Mellott and Charles Mellott, both of Stratton, and Fred Mellott of Baltimore, Md.; three sisters, Mrs. Flora VanDyne of Toronto, Mrs. Nina McClelland of Paris, Pa., and Mrs. Maude Skinner in California and three grandchildren.

Services will be held Thursday at 2 p. m. at the Martin Funeral Home by John Mostoller, pastor of the First Church of Christ. Burial will be in Springhill Cemetery at Wellsville.

Friends may call at the funeral home Wednesday afternoon and evening.

## Charles Coleman

Charles H. Coleman, 107 21st St., Wellsville, a retired railroad engineer, died at 1:10 a. m. today at City Hospital, where he had been a patient since Saturday morning, when he fell at home and fractured his left ankle. He was 73.

Mr. Coleman was born Oct. 17, 1886, in Jackson County, W. Va., near Ravenswood, a son of the late James N. and Maxie Flesher Coleman. He had resided in Wellsville and the area for 59 years. For several years he resided in Yellow Creek Township on Route 39. He was employed by the Pennsylvania Railroad Co. 41 years before retiring in March 1948. He was a member of the Second Presbyterian Church and the Brotherhood of Locomotive Engineers.

Surviving are two sisters, Mrs. Molly Suck of Ravenswood and Mrs. Georgia Goeltz of Mineral Ridge R. D.

Services will be held at the MacLean Funeral Home in Wellsville Thursday at 1:30 p. m. by the Rev. Bruce Davis of the Second Presbyterian Church. Burial will be in Springhill Cemetery at Wellsville.

Friends may call at the funeral home Wednesday evening.

## Miss Ida Walper

Miss Ida F. Walper, 92, of Skyview Manor died at City Hospital this morning at 2:15 after a lengthy illness.

A daughter of the late Bernard and Catherine Lehr Walper, she was born in East Liverpool. She was employed as a bookkeeper at the Pottery Savings & Loan Co. when it was founded in 1889, retiring many years ago. She was a member of the Trinity United Presbyterian Church.

Survivors include two nephews, Alwyn Purinton of East Liverpool and Bernard Purinton of Clarion, Pa., and a niece, Mrs. Miriam DeMunn of East Liverpool and St. Petersburg, Fla.

Services will be held Thursday afternoon at 2 at the Dawson Funeral Home with the Rev. M. Rudolph Miller in charge. Burial will be in Riverview Cemetery.

Friends may call Wednesday night at the funeral home.

The family requests that tokens of appreciation be in the form of gifts to the City Hospital Association.

## Mrs. Marie Justice

Mrs. Marie Alice Justice of Mt. Dora, Fla., former Midland resident, died about 12:30 this morning at a hospital at Eustis, Fla., after a short illness. She was 55.

Born Dec. 11, 1903, at Beaver Falls, Mrs. Justice had worked as a cook at the City Restaurant and other places in Midland before she and her husband — longtime mechanic for the Patsch Garage — moved to Florida about a year ago. She was a member of the Assembly of God Church.

Besides her husband, Charles Justice, she is survived by three sons, Frank Justice and Boyd Justice of Smith Ferry and Fred Justice of Zellwood, Fla.; three sisters, Mrs. Ellen Louk of Negley, Mrs. Isabella Cooper of East Palestine and Mrs. Minnie Tice of Canton, and 12 grandchildren.

The body is to be brought to the Cannon Funeral Home at Midland, where arrangements will be completed.

## Mrs. Lettie White

Mrs. Lettie Esse White, 58, of the Blackhawk-Fairview Rd. died at her home early today after a five-month illness.

A resident of the Blackhawk area for 33 years, she had resided at Smiths Ferry until 1926. She was born July 15, 1901, in Wayne County, W. Va.

Besides her husband, Howard White, at home, she is survived by six sons, Dallas White of Fairview, Howard White Jr. of Fairview, A. J. White with the Army in California, Arthur White of Charleston, S. C., Francis White with the Army in Germany and David White at home; a twin sister, Mrs. Liberty Robinson of East Liverpool, and another sister, Mrs. Lillie Lucas of Myra, W. Va.

The body was removed to the Cannon Funeral Home at Midland. Arrangements are incomplete.

## Mrs. Nevada Hanna

Interment will be held Wednesday at Millersburg for Mrs. Nevada Hanna.

da Blanche Ewing Hanna, 91, of Cleveland Heights mother of Mrs. Joseph M. Wells of Newell Heights, who died Sunday.

Mrs. Hanna, an invalid for three years, died at her home.

Born at Millersburg in May 1868, she was the widow of the late Judge William S. Hanna. She was a member of the Church of Christ. Besides Mrs. Wells, she is survived by another daughter, Mrs. George Getz of Kent; two sons, Milton A. Hanna of Cleveland and William E. Hanna of Cleveland; six grandchildren and nine great-grandchildren.

Services were to be held this afternoon at Cleveland. Interment will be at Millersburg tomorrow afternoon at 2.

## Mrs. Nellie Baker

Services will be held Wednesday for Mrs. Nellie W. Baker of Barberton, former city resident, who died Sunday at home after a short illness. She was 77.

She was born at Carrollton Aug. 3, 1882, a daughter of the late Eliel and Margaret Harsh Wyand. Services will be held tomorrow afternoon at 3:30 at the Campfield-Hickman Funeral Home at Barberton, where friends may call any time. Burial will be at Akron.

## Joseph Leone

NEW WATERFORD — Services will be held Thursday for Joseph Leone, 78, who was found dead in the garage at the home of a daughter, Mrs. Emma Gregorino of Boardman St., with whom he resided.

Dr. William Kolozsi, Columbiana County coroner, ruled suicide by hanging, estimating Mr. Leone expired about 1:15. He was found at 3 p. m.

Born at Nicastro, Italy, Dec. 28, 1880, he was a son of the late John and Catherine Leone. He had spent most of his life in the United States, coming to New Waterford 38 years ago from Pittsburgh. His wife, Mrs. Angeline Leone, died in 1952. He was a trackman for the Pennsylvania Railroad Co. for many years, later working at the Kenmar Manufacturing Co. He was a member of Our Lady of Lourdes Catholic Church of East Palestine.

Besides Mrs. Gregorino, he is survived by another daughter, Mrs. Catherine Simon of New Waterford; three sons, John Leone of Carnegie, Pa., Frank Leone of Pittsburgh and Anthony Leone of Leetonia; three sisters, Mrs. Joseph Ferris of New Waterford and two in Italy; 12 grandchildren and two great-grandchildren.

Services will be held Thursday morning at the church. Burial will be in St. Mary's Cemetery.

Friends may call tonight and Wednesday night from 7 to 9 at the Oliver Funeral Home at East Palestine.

## William Cope

LISBON — William B. Cope, 97, a former county resident, died Monday night at the home of his daughter, Mrs. Edith Lander of Bedford. He had been in ill health 7 years.

Born Sept. 26, 1862, in Salineville, a son of Oliver and Hannah Galbreath Cope, he was a retired draftsman. His wife, Cora Corey Cope, died April 19, 1935.

Also surviving is another daughter, Mrs. Dorothy Halsey of Cleveland Heights, and a son, Walter Cope of Lisbon, 3 grandchildren and 9 great-grandchildren.

Services will be held Thursday at 1:30 p. m. at the Henry Funeral Home by the Rev. Tom Hamerton. Burial will be in Grandview Cemetery in Salem.

Friends may call at the funeral home Wednesday from 2 to 4 and 7 to 9 p. m.

## Rev. Matthew Striker

IRONDALE — Services will be held Wednesday at 2 p. m. in the Pine Grove Methodist Church for the Rev. Charles Matthew Striker of Irondale R. D. 1, a retired Methodist lay minister, who died Sunday in City Hospital. He was 87.

Rites will be conducted by the Rev. Howard Welda of Empire. Burial will be in the church cemetery. Friends may call at the Robbins Funeral Home in Bergholz today and tonight.

## Pool Of Fire Blast Cause, Captain Says

HOUSTON, Tex. (AP) — The Coast Guard was told Monday that the fire and explosion aboard the S.S. Amoco Virginia Sunday that killed 7 men and injured 25 was caused by a "huge pool of fire which swept upstream."

The captain of the tug Pan VI told newsmen he testified at a Coast Guard preliminary investigation at Port Arthur that the fire did not start "near our barges, tug, or the Amoco Virginia."

Capt. L. G. Hodges said he told the Coast Guard the fire "was

being drawn upstream in the wake of another tug pulling a barge."

The Pan VI was tied up next to the Amoco Virginia at the time and Hodges said he watched as the sheet of flame—about 800 feet in diameter—surged toward the tanker.

Hodges said he cast off his lines as the fire approached and left the area. The fire and explosion happened soon after, he said.

Coast Guard Cmdr. Robert Flockhart, said an investigating team will start taking sworn statements here today.

Upper reaches of the Houston ship channel remained shut to traffic because of gasoline fumes seeping from the fire-swept ship.

R. J. Evans, port captain, said "We're just sitting on a lighted dynamite keg."

## GI Joins Exercise

LISBON — Pfc. Howard H. Rose, 24, of 382½ E. Lincoln Way is participating in a five-week field training exercise with the 3rd Armored Division in Wildflecken, Germany. ## Road Block In Communications

One of the most meaningful moves to build a better world this week is the opening of a Colombo Plan conference at Jogjakarta, Indonesia.

The aim of the conference is to plan a better life for 700 million in South and Southeast Asia. The Colombo Plan was started by Great Britain and the Commonwealth countries in 1950. The United States joined up the next year and has accounted for four billion dollars of the organization's five-billion-dollar aid since it joined.

But the chances are that not one American taxpayer in 100 can reel off the name of the city in which the Colombo Plan conference will be held—Jogjakarta. This is a relatively simple word.

A quick review of some of the names of individuals who have been in the news from Asia this year shows the proportions of the road block in communications created by the total lack of knowledge of the Asiatic pronunciations that have been reduced to such phonetic spellings as:

Addu Bihi, Sothorn Hongladarom, Mom Luang, Phin Malakul, Phya Athakari, Nahum Nir, Sarit Thanarat, Haris Nasution, Sary Son Nyoc Thanh, Chuon Machulphich, Phoni Cabt and Ne Win. Ah yes, and also make the acquaintance of Abol Hasam Ebtehaj.

These names are not listed in derision. Their bearers, many of whom are versed in many languages, including English, would

have trouble figuring out what to do with the names of Americans. The point is that neither they nor Americans can hope to get anything out of the news about their activities to lick their common problems until some way has been found to keep track of names.

Readers of Russian novels have had this problem ever since the first translations were circulated in the United States. The problem in Russian novels is the multiplicity of names for each character. There is, first, the formal name used on great occasion. Then there is the less formal name used on everyday occasions. And finally there is the familiar name that a Russian's best girl whispers into his ear when she bites it playfully while humming the "Volga Boat Song."

Volga What? And what's a "Volga"? Consequently, knowledgeable readers rename Russian characters. Vasily becomes Vaseline, Petrovich becomes Sneaky Pete and all variations of their names are translated on sight into cognomens.

Then there is the standard explanation of what happened to Chinese names when the Yankee skippers of clipper ships and whaling vessels first heard them. They reduced them to written English by a process of crude phonetics—so crude that not one Chinese in a thousand can recognize his own name in English, which is about as much luck as an American has in making something of Sary Son Nyoc Thanh.

## Let's Not Forget Those Singers

The great come-clean revival rolls on. Everybody wants to point the finger of scorn at everybody else.

When all the little people who lived high on the quiz hog for a spell have been pushed back into oblivion, some of them tarred and feathered for life, there presumably will be peace.

The cold breath of dishonesty will be felt no longer on the hot necks of the competitors in the rat race for survival, Madison Ave. style.

Everything will be what it purports to be. Or will it?

There are two things we wonder about especially—politicians and those young men who make odd noises when they sing. Will they be forced to be what they purport to be; namely, citizens worthy of public trust and vocalists?

There will be a national election next year. Television will be packed when citizens seek political preferment for themselves and others. They will be presented to the great unseen audience in as favorable a light as possible.

What we want to know this time is whether they are reading the speech from a Teleprompter, or whether they know what they want to say. We want to know how they look without makeup. We want to know how many enthusiasts turned out in the flesh to see them—whether the auditorium was packed, or whether it was full of vacant seats.

As for the young men who purport to be vocalists, they are a mystery. There are several potential explanations of their success, including the orthodox explanation that teenagers like them so well they cannot be barred from success.

There is a catch in this orthodox success-story line, though, because teenagers only

can like what they have a chance to hear. America wants to know how it has come about that so many young men who tend to sound alike to ears trained on vocalists who do not sound that way got their chance to be heard in the first place.

It would seem that this might be connected in some way with tieups between people who have reputations to make and people who can make or break reputations. There may be a fruitful field here for investigation as the great come-clean revival rolls on. It's just like an old-fashioned barbershop.

Who's next?

## Have You Given?

Have you contributed yet to the Community Fund?

The campaign is virtually halfway to the final goal of \$83,000. The first half is generally the easiest part of any drive, however, since there are always a goodly number of people who respond willingly and quickly with worthwhile contributions. They are not the problem now. It lies, instead, with those who haven't yet contributed for one reason or the other.

It will take real digging on the part of the volunteer workers to bring in the remainder of the money required to go over the top. It can be done, however. It will take both patience and drive.

There can be no argument against the things for which the fund money will be spent. It will go to the Girl and Boy Scouts, the YMCA, the Salvation Army, the Recreational Council and the USO—all deserving organizations.

From here on in the burden will be on the solicitors. If you haven't contributed, you could make their job a lot easier by doing so quickly.

By H. I. Phillips

vance briefings and would have thrown into the alley any operator suggesting them, was a quiz show which meant something. It was a genuine intelligence test, with nobody afraid to make an occasional booby. Its return or something of similar quality would be a wonderful atmosphere cleaner-upper.

Gary Cooper will be goodwill ambassador to Moscow, Nov. 9 to 22. Movie chiefs have made him a delegate to arrange swap of Soviet and American films. Gary should be helpful. As top cowboy actor he symbolizes an area where shooting is futile, the bad man always loses and happiness is restored through goodness on horseback. You never hear a cowboy blaming everything on "ruling circles," Wall St. conspirators and "crude enemies of world peace." Even his horse seems a model of decent behavior.

## Odd Facts

British scientists are studying a breed of bacteria that feeds on concrete, it being believed that this microbe is responsible for damage to sewage conduits and water-cooling towers. The bacteria live on a diet of sulphur, mineral salts, and air, and produce strong solutions of sulphuric acid.

The only man in American history who has had the distinction of serving as a U. S. senator from three different states was James Shields. He represented Illinois in the Senate from 1849 to 1855, Minnesota from 1858 to 1859 and Missouri in 1879.

The boom year for babies in the United States was 1951, when more than 3,900,000 infants made their bow into the world. Previously to that, 1947 was the record year, when 3,876,000 babies were born.

A "quit claim deed" is a deed by which some right, title, interest or claim which one person has or is supposed to have is released or relinquished to another person.

The United States' smallest overseas territory today is Kingman's Reef, an island about 150 feet long by 120 feet wide at high tide, lying about 1,000 miles south of Hawaii.

Before the First World War, more than a million immigrants entered the United States annually. Today, the law permits only 155,000 to enter every year.

## Fine Bit Of Timing

## Steel Strike Slows Space Projects

By Victor Riesel

There is in my dispatch case an old time table put out by the Russians—for the Moscow to Jupiter run, with stops at Mars and way stations. I laughed when I picked it up in Europe. But no more. Nor did I chuckle when Dr. Werner von Braun cracked the quip over us by saying it will take us 24 hours to get to the moon and 48 hours to get through Russian customs there.

For, it is a cold fact that because of the steel crisis we are now at least four months behind the year we already were behind the Soviets. Authority for this is none other than U. S. space chief, T. Keith Glennan. He reports that the stoppage has slowed work on a mysterious super-rocket which could hurl 1,000 pounds away out past the moon.

It is a three-stage flying mastodon called the Vega missile. It could also pitch a 4,000-pound payload into orbit.

ORIGINALLY this gadget was scheduled to hit the heavens sometime in 1961 to catch up with the Russian celestialist of 1958. Now we may not make it until 1962 by which time we'll just be catching up with the Russians' 1959.

We are a free people—free to beat each other's brains in. But what some very high Pentagon officials want to know, as well as the White House, is why the materials procurement officers of our armed services and the space agency didn't feel free to stock up on needed steel—just as most industry did.

Screams as loud as a sonic smashing jet are coming from the Air Force because their Warren Base in Wyoming, their Vandenberg Base in California and their Lowery Base in Colorado are being delayed for want of steel.

These will all be Intercontinental Ballistic Missile sites—when they're finished. From these bases the 6,000-mile monsters will be placed on launching pads and aimed at strategic Soviet targets.

WHO GOOFED? Warren Air Force Base at Cheyenne was begun in 1958. Steel could have been ordered right to July 1959.

True, the union didn't permit the movement of such finished steel until three weeks ago. That means the big bases, on which United States safety depends, would only have had to stock 10 weeks' supply. Wyoming's flat lands could have held a year's supply.

But these are operational sites. They have to be loaded with missiles before they could knock even a new Kremlin helicopter out of the air.

Yet there are delays in production of the big fellow known as the Atlas. So we've had to slow training and experimentation with this sky piercing juggernaut.

Why did the military not insist on stockpiling here?

Nor is there special steel for full production of the Titan missile or the Polaris missile, which can be wafted from a submarine.

The government states that the special steel is in acute shortage because it is not "inventoried." Why wasn't it?

It can be reported that all last week there were Pentagon conferences seeking to learn why certain Air Force ballistic missile bases and procurement divisions did not stock up.

THERE WAS, however, no screaming from the Navy. Its office of materiel did see to it that its suppliers and production people

had enough stock on hand to last through the stoppage.

Shouldn't it sink in somewhere that if we're preparing to defend a free society—that society will have strikes?

For example, on Nov. 2 an auto union local in the Detroit area vot-

ed to strike a Chrysler Jupiter and Restone missile-making plant. There will be other such threats.

The least to come out of the steel crisis should be a supply system to keep us ever ready to get off the ground even if we are liberty-loving earth people.

## A Book Never Written

By Truman Twill

Once there was an old general with an idea for a book. He would put into the book everything he found praiseworthy about the decisions that other generals had made.

At the same time, he would include all the stupid decisions he had made in his own military career. He would lay it on the line for all the world to read—how he had blundered one situation after another.

He should have been court-martialed for reading comic books when he should have been studying Clausewitz.

He had the blood of hundreds and thousands of soldiers on his conscience; they were the ones he had fed to the cannons in lieu of some inspired way to acquire himself of his military responsibility.

Compared with other tacticians of his generation, he was minus zero. If he had told himself once he had told himself a thousand times that he had no more aptitude for command than he had for high-wire walking.

He intended to tell about all the times he had listened with half an ear when he should have been wide awake, then made cockeyed decisions based on information he never had comprehended.

He would spell out the occupational disease of soldiering, which is to start thinking like an Indian brave, whose version of his job on earth is to live a life of privilege on the off chance he may have to bleed and die some day.

He would confess frankly he had fallen in love with the sound of his own voice, the sight of his picture and the logic of his ideas, which always seemed to him to be three times as logical as the ideas of anyone else.

He would make it clear that in wartime militarism there are almost no hard-and-fast rules but an endless series of situations that must be handled under pressure of improvisation. He would point out that second-guessing another

general is like second-guessing a man who has been caught in a cyclone.

Having cleared his conscience, the general would proceed to point with pride to all the things his contemporaries did that seemed to him to have come out right.

He would give the benefit of the doubt to all leaders of winning campaigns and some leaders of losing ones, provided their records showed they had been faithful to their trust.

He would follow the rule of saying nothing about his contemporaries unless it was something good.

He would judge not lest he be judged, a rule he remembered from something he learned in Sunday school.

This would be in all ways a remarkable book. There would have been nothing like it in the annals of military writing and publishing.

It would be a kind, charitable, honest, decent account of the hazards of being a general, written in humility by one who had been through the mill of experience.

People who read it would lay it down when they were finished with warm feelings about the author.

But the catch is that no one ever had a chance to pick it up. The book never was published. It never was written. When the general sprang his idea, he was laughed at. No one had any use for a book like that.

However, if he would dredge up some dirt—enough to smear a few reputations—he might make enough in royalties to buy the place in the country he always had dreamed about and live in the style to which militarism had accustomed him. And that explains why generals never admit that other generals knew what they were doing. There is no market for memoirs that make other generals look good—only memoirs that make the other generals look like chumps.

## Down Through The Years

From The Review Files

THIRTY YEARS AGO — East End residents were without water for several hours when a main broke on Pennsylvania Ave., near 1st Ave.

Members of the Women's Home and Foreign Missionary of the Second Presbyterian Church sent clothing to a missionary in Mexico.

Miss Jane Harker of W. 6th St. was appointed deputy for Catholic Daughters of America Courts in Salem, Hubbard, Canton and Belaire.

Twenty years ago — L. T. Capehart, former member of City Council, was an easy winner over 13 other candidates seeking his place on the Liverpool Township board of trustees.

Columbiana County and subdivisions received approximately \$23,000 from state's gasoline excise tax fund.

A one-mile levy to rehabilitate the town hall at Calcutta was rejected by St. Clair township voters.

TEN YEARS AGO — Samuel J. Brewer, son of Mr. and Mrs. Lloyd M. Brewer of Chester, reported for duty with the New Lo-

don Group of the Atlantic Reserve Fleet.

J. Nessley Porter, East Liverpool designer, spoke and showed slides at a meeting of the Exchange Club.

The part of the brain which does the thinking is the gray matter, or what scientists call the cortex. This is a thin layer from one-tenth to one-quarter of an inch thick, spread over the surface of the upper part of the brain.

Cannibalism still exists in parts of the world today. It is practiced among certain isolated South American tribes, in west equatorial and central Africa, the Malay Archipelago, certain South Sea islands, and in parts of Australia.

"The Revolution," a suffragette newspaper founded in 1868 by Susan B. Anthony, had the motto: "The true Republic — men, their rights and nothing more; women, their rights and nothing less."

On June 25, 1921, Samuel Gompers was elected president of the AFL for the 40th time, defeating John L. Lewis 25,022 votes to 12,324.

## Dawning Of New Era

By David Lawrence

### Court Ruling May Stabilize Labor Picture

A "shot heard around the world" came from the judicial guns of the Supreme Court of the United States over the weekend. For the order to resume steel production in America is of importance.

It means that the American dollar will stand firm among the currencies of international exchange.

It means that the wage-price spiral which has threatened the economic future of the United States has at last felt a powerful force of restraint.

It means that an era of stability in industrial prices is at hand which makes it possible for foreign as well as domestic trade to be carried on with some degree of confidence.

Most Americans have not been aware of the far-reaching implications of the steel strike and the attention it has attracted abroad. Europeans have been nervously watching the battle, wondering if the whole price structure would become inflated still further and if steel would set a precedent for wage and price levels in many other industries in America.

THE ATTITUDE of the customers of the steel companies throughout the United States has been especially significant. They have privately urged the steel companies to adhere to the position they have taken.

This was because buyers of steel foresaw possible increases in prices which would, in turn, force them to increase their own prices and this might bring resistance by the general public to the purchase of fabricated products.

Even among the workers many voices have been raised against the needless prolongation of the steel strike.

This is because the union leadership mistakenly carried to the courts a case that was clearly a waste of time and thereby forfeited three weeks of wages which the union members would otherwise have received.

Indeed, the Supreme Court's decision by an 8-1 vote was really no surprise. Even a layman like the writer predicted flatly a week ago in these dispatches the ruling the Supreme Court would surely make, based on previous precedents and decisions.

Certainly the Supreme Court now has emphasized that the Congress can deal legislatively with strikes and thus the courts are duty bound to enforce by judicial order the will of the people's representatives in the national legislature.

The decision does, to be sure,

clarify some major points. It says that the Taft-Hartley Act is constitutional.

It says that an injunction requiring an 80-day "cooling-off" period is but one of many devices that Congress may put into effect constitutionally in dealing with labor troubles in an emergency or threatened emergency.

CONCERTED ACTION by labor has led to concerted action by management and it seems clear now that the public at large—sometimes called "the party of the third part"—will make itself heard in favor of new legislation at the coming session of Congress, designed to break up monopolistic power in labor as it has in management.

This doesn't mean breaking up unions but it could mean putting a brake on their hitherto unrestrained power to force prices up and inflate the dollar in total disregard of the interests of the people as a whole.

It will be argued, the strike isn't settled yet. A settlement will occur, however, before the 80-day injunction period has run its course. Some observers have thought that the steel-union leaders would want to wait until a secret ballot is taken after 60 days, as provided by the Taft-Hartley law, to determine whether the workers wish to accept the final offer made by the employers.

If the controversy is to go that far without a final settlement, the companies are prepared to carry on a nationwide campaign of education to put their case before the public.

While the vote could turn out to be for rejection, there might be recorded a substantial vote for acceptance. This would be damaging to the prestige of the leaders and too big a risk for them to take.

SO A COMPROMISE will be worked out in a few weeks and a final settlement reached after the usual outbursts of emotion in union circles, demanding a resumption of the strike, have been superseded by calmer counsels.

If the strike were resumed, Congress would be on hand to enact even more restrictive legislation than is on the statute books today.

The steel strike has not helped the cause of labor. Steel workers are paid higher wages than in many an industry but their leaders insisted on the strike, whose cost in wage losses to the worker can never be made up.

It's a lesson that all union leaders will have to learn—that there's a limit to the granting of wage increases unless they are based on increased productivity.

The public interest in a critical moment in world history requires constructive leadership by the economic forces of the country—both in management and labor—lest a controlled economy such as Nikita Khrushchev thinks is inevitable in America may be forced on an unwilling democracy.

## Foreign Policy Change

By James Marlow

WASHINGTON

Secretary of State John Foster Dulles died 170 days ago. In less than six months American foreign policy has undergone a kind of convulsion.

Dulles so completely dominated foreign policy he made President Eisenhower look like a secondary figure in this branch of government. Now Eisenhower dominates it and Dulles' successor, Christian A. Herter, looks secondary.

Dulles was rigid. Eisenhower seems more receptive to give and take. Dulles was almost Jovian in his thunderous threats. Eisenhower talks softer.

Stiff-arm communism by ringing with bases. That was the basic policy laid down by President Truman and Secretary of State Dean Acheson. It was followed out the window by Dulles. It still is basic American policy.

But there has been a change in the way this policy is handled. Eisenhower appears more willing to consider the notion that perhaps containment is not the only course in dealing with the Soviet Union.

But this change itself is the product of two profound changes: 1. The Truman-Acheson policy was created to stop the mad-dog tactics of Stalin who pushed and probed for weaknesses. For example: The Korean War.

The Soviet Union under Premier Nikita Khrushchev has become infinitely more dangerous, potentially, than under Stalin but now it is far less reckless and militarily aggressive.

2. Truman and Acheson and even Dulles for a brief period could rely on the containment program — bombers with atomic weapons — in the period while the U.S.S.R. was still trying to develop that means of destruction.

Containment became less a sure bet as the Soviet Union produced not only the same weapons as America but pushed ahead with missiles to a degree which startled the world.

So at the time Dulles died the Communist world around which he sought to keep a fence of bombers had changed in both its tactics and its strength.

Dulles was the most active of all secretaries. In time historians

—like some of Dulles' contemporaries—may wonder whether his amazing activity was not sometimes a substitute for thinking.

What was true in Dulles' time is still true now: there is a lack of initiative in foreign policy and dealing with the Soviets. The Dulles-Eisenhower actions have been pretty much reactions to Soviet actions.

A whole series of recent and upcoming events — Khrushchev's visit here, Eisenhower's promised trip to Moscow, the summit conference next year — all had their origin in Soviet, not American, initiative.

Khrushchev last November demanded the Allies get their troops out of West Berlin. The Allies were forced to face an unpleasant fact they hadn't been compelled to look at until the Soviets got truly strong.

They were in a bad spot if they had to defend Berlin, 10 miles inside Communist East Germany. Even Eisenhower admitted at a news conference it would be practically impossible to match the Soviets with ground troops.

Therefore, unless some peaceful settlement could be found, any show of Soviet force to push the Allies out would have to be endured or else met by aerial retaliation. That might mean another war.

No wonder the Allies were willing to make concessions on Berlin. A desire to reach some peaceful understanding with Khrushchev, who instigated the rumpus, was one of the reasons for inviting him here. Everything which followed stemmed from that.

## 2 Youths Held For Burglary

WEIRTON—Two Weirton youths were bound over to the January term of the Hancock County Grand Jury on charges of breaking and entering at hearings Monday in Municipal Court.

Ernest John Kidd, 19, and a 17-year-old juvenile are lodged in County Jail in New Cumberland today in lieu of \$1,000 bonds set at their preliminary hearings in connection with an attempted safebreaking.

Kidd and the juvenile reportedly confessed to entering the Tri-State Electro-Plating Corp. in Weirton June 18. Weirton police said they failed in an attempt to crack a safe and got nothing in the attempted robbery.

Kidd also is charged with breaking into a Weirton service station Nov. 4 with a second juvenile now being held in County Jail for auto theft.

The robbers of the service station got about \$8 from a cigarette vending machine, police said.

Legion officers including a county group headed by Ray McLaughlin, county commander, and a 26th District group headed by Tony Rico, district commander.

There will be 100 Gold Star Mothers and borough and school board officials. Boys Scouts Troops will include 470 and 450 of Ohio View, 444 of New Sewickley, 488 of Beaver, Cub Pack 488 and Sea Scouts 488, and Midland Cub Pack 415.

Girl Scouts will include Troops 267, 110, 252, 173, and 32, all of Midland, 153, 238 and a third from Industry, and Brownie Troop 186 of Midland. Some 50 pupils of Midland's Presentation Parochial School also will march.

The band will include about 1,400 boys and girls. Marchers will be given lunch following the parade. They will eat at the old high school gymnasium, the St. George Serbian Orthodox Church, the Presentation lyceum, and the Methodist and Presbyterian Churches.

William Coble is parade co-chairman. Harry Hulton is general chairman for all plans.

Special guests will attend the Gold Star Mothers banquet to be held following the parade at 1 p. m. at the Midland Steelworkers Hall. The Rev. Ray A. McCreight, pastor of the Four-Mile United Presbyterian Church, will be speaker.

Entertainment will include Mr. and Mrs. James Whittle of New Brighton, guitarists and vocalists. Truman Rodfong will be emcee. Mrs. Audrey Coble, Post 481 auxiliary president, is in charge of plans for the dinner.

Rodfong and Edward Cilli were co-chairmen in charge of plans for the past commanders' banquet held Monday evening at Larry's Restaurant.

Some 75 heard a talk by Ken Davis of Homer City, western vice commander of the state Legion. Davis said Veterans Day is for veterans and that veterans earned and deserve the day.

He traced a story of veterans from the Argonne Forest of the First World War I to Pork Chop Hill in Korea. He said the two days he felt to be the most important are Memorial Day and Veterans Day.

Rico, attended, along with Burgess Eli G. Corak. Donald E. Roach was emcee. The invocation and benediction were given by the Rev. George Bohlender, pastor of the Presbyterian Church.

## Reporter's Car Taken; 2nd Car Still Missing

With one city auto still being sought, police today were looking for a second car stolen Monday afternoon from The Review parking lot on E. 4th St.

Glenn H. Wright, 592 Fisher Ave., a reporter, told police yesterday his 1957 Chevrolet two-door sedan was stolen between 3 and 4:48 p. m.

The yellow sedan bore Ohio license L-137-P. It contained a camera and raincoat, Wright reported.

Meanwhile, police said no trace has been found of a 1953 Chevrolet owned by Dorsey E. Stowers, 744 Leonard St., which was stolen early Monday from the Community Parking Lot. Police fired several warning shots at a suspect spotted in the car, but he eluded capture.

## Panel Discusses 2 Plans

## Junior High System Wins In Federation Discussion

The present system of junior high schools has advantages over the former plan of 8-year elementary classes and 4 years of high school, a panel discussion revealed Wednesday night when the City Federation of Parent-Teacher Organizations met at Westgate School. About 40 attended.

Speaking for the student body, Ann Sixt said she feels that the junior high system benefits the students socially and scholastically. Because of over-crowded conditions there formerly was a lack of individual guidance. The present type of classroom affords the student more attention and he is better able to cope with high school problems after a junior high experience, she said.

Atty. Don E. Smith offered the opposition. In regard to the athletic program, he said the younger boys cannot compete with larger boys and loses his incentive to participate in sports.

He remarked that in the former educational system the student was known by his teachers through close association through the grades, and they are able to handle his problems much easier.

He said the prevalent philosophy based on the idea to model junior highs after senior high schools is "fine in theory but not in practice." He noted the students are subjected to the social life element "much too soon."

Thomas Dixon, principal of Westgate, stressed the advantages, including a broader instruction offered on a variety of subjects, giving every student a period of exploration. He said the corps of instructors is well balanced and is able to meet the problems of youth, providing "a more certain destination through guidance."

Other viewpoints were given by Clarence Means, Supt. Ralph Betts, Mrs. B. E. Warner, Mrs. Nelson Wright, Mrs. George Welker, Clarence Powell, Mrs. Lawrence Sixt, Carl Pellini, Mrs. Donald Baxter and Walter Silliman.

Frank Siddle, program chairman, was moderator.

Mrs. G. Richard Jones, president, conducted business. Reports were given by Mrs. Donald Alexander, secretary, and Mrs. Ray Diddle, treasurer.

A letter of thanks was read from Miss Mildred McGregor for "hostessing" at the recent educational conference at the school. Mrs. Warner of the federation was assisted by Mrs. Joseph Cooper, Mrs. Frank Siddle, Mrs. Don E. Smith, Mrs. Charles Martin, Mrs. Baxter and Mrs. Charles R. Waggoner.

LaCroft School had the largest representation at the roll call.

The group plans to be represented at the Governor's Conference on Children and Youth Nov. 19 at Ohio State University at Columbus, sponsored by the Ohio Committee in preparation for the 1960 White House Conference on Children and Youth.

Refreshments were served in the cafeteria by Mrs. Warner and Mrs. Baxter.

There will be no December meeting. The next session will be Jan. 11 at the school library.

## Holiday

(Continued from Page One)

The Carnegie Libraries here and at Wellsville both will be closed. Miss Frances Jones, local librarian, said the pre-school story hour scheduled for Wednesday will be delayed a week.

The Ohio State Employment Service also will be closed. Persons who were scheduled to report for claims Wednesday were to report today or can register Thursday.

All Wellsville City Hall offices with the exception of the police and fire departments will be closed, according to Mayor William J. Shoub, who said trash collections will be made on schedule.

Both the Wellsville and East Liverpool Post Offices will be closed all day. The lobbies will be open the regular hours for box-holders. No parcel post or home deliveries will be made with the exception of special delivery letters. Mail will be received and dispatched as usual.

The Perpetual Savings & Loan Association and the Central Federal Savings & Loan Association of Wellsville will be closed all day Wednesday.

The Hancock County Federal Savings & Loan Association of Chester will observe its usual hours of 9 a. m. to 3 p. m.

The Pottery Savings & Loan Co. and the First Federal Savings & Loan Association will remain open until noon.

The First National Bank and the Pottery Bank & Trust Co. both will observe the holiday. Regular hours will be observed the remainder of the week.

The Louthan Manufacturing Co. and Patterson Foundry & Machine Co. in East End both will operate as usual.

The Chester municipal water works office at the City Hall will be closed.

Both the East Liverpool and Wellsville Ohio State Liquor Stores will be closed Wednesday.

The West Virginia State Liquor Store in Chester also will be closed.

Despite the holiday in the county system, Lisbon village schools will be in session.

All offices in the Beaver County Courthouse at Beaver will be closed, along with banks and schools. Post offices will be closed and only special delivery service will be maintained.

Most stores are expected to be open and steel companies, back to work under the Taft-Hartley injunction, will not close down operations.

Work is expected to continue at the Midland Works of the Crucible Steel Co. including its Titanium Division and its National Drawn plant in East Liverpool.

The Mackintosh-Hemphill division of the E. W. Bliss Co. is expected to work. Although Midland's

## Mishap Hurts Area Farmer

A Georgetown area farmer who fingers became caught in a corn-picking machine and an Oakmont man who suffered a fractured ankle playing basketball were among four treated at City Hospital Monday.

Gail McHaffie, 67, of Georgetown suffered lacerations of the tips of two fingers of the left hand when they became caught in the cornpicker while he was at work in a field on his farm.

Dale Diddle, 23, of Oakmont suffered a fractured ankle when he turned it while playing basketball at an adult recreation class at Beaver Local High School last night.

Dick Nohe, 28, of 11th St., Midland, was treated for injuries of the left wrist suffered while playing football Sunday.

Villas Gamble, 14, son of Mr. and Mrs. John Ross of Woodbine Ave., was treated for a laceration of the forehead received when struck by a stone.

## High School Assembly To Mark Veterans Day

A 30-minute assembly Wednesday morning will mark the observance of Veterans' Day at East Liverpool High School.

Principal George Hargraves will speak briefly on the meaning of the day at the assembly between 10:30 and 11 a. m.

A special assembly Monday afternoon saw the University of Pittsburgh debate team meet University of Iowa debaters on the question "Resolved: That Congress should be given the power to reverse decisions of the Supreme Court."

The Pitt team of John Strauch and Thomas I. Ribich took the affirmative side, while David L. Brodsky and Norman S. Oberstein had the negative.

as a councilman-at-large, reported expenditures of \$55.40.

Two successful Wellsville candidates also filed the expense statements.

Aguin Bowling, who was elected First Ward councilman on the Republican ticket, listed expenses of \$19.57. Robert E. Taggart, named to a council-at-large seat on the Democratic slate, said he spent \$2.80.

Earl F. Bretz, unsuccessful in his campaign for mayor of New Waterford, said he had no expense.

## Open House Set Friday For Stanton Local High

IRONDALE — "Open house" will be observed Friday afternoon in Stanton Local High School as part of American Education Week, Supt. C. P. Henderson said.

Parents may confer with teachers from 2:30 to 3:30 in home-rooms. Classes will be dismissed at 2:30. An assembly is scheduled Friday morning at 9.

gress may demand some trade protectionist measures to bar certain foreign goods.

President Eisenhower and other administration leaders, although they may cut such spending, show no signs of reversing their stand that trade restrictions must be kept at a minimum to expand world trade.

Many Western countries are reported about ready to ease restrictions on imports of the U.S. goods. Such action, if widespread, could ease this country's trade deficit.

Foreign diplomats who examine the deficits problem repeatedly say they consider the four-billion-dollar deficit a temporary situation. Expanding American trade, they believe, will cut this substantially in the next few years.

## Educators Meet

LISBON — County Supt. James L. McBride and elementary and high school consultants, along with the executive heads of county schools, met Monday noon at Hotel Wick. After the luncheon, the group returned to the county school office to discuss problems of the county schools. Supt. McBride presided.

Make up a package of instant pudding with dry milk and water, instead of the usual whole fluid milk, and you'll save calories.

## Firm To Seek Gas Rate Hike

SALINEVILLE — A proposed new rate increase for Ohio Fuel Gas Co. consumers was submitted to Council Monday night by Paul Temple of Carrollton, representative of the utility.

The sliding scale rate would be increased from 25.4 cents for the initial 800 cubic feet to 27.5 cents and would be a smaller increase with the more gas consumed. Council took the schedule under study.

Council authorized the purchase of a \$132 electric hydraulic lift pump for the snow plow to replace a hand-operated mechanism. Repairs to the police cruiser clutch and brakes were authorized.

Mayor Karl Lindner reported the village's sewage permit had been extended to Jan. 15 by the Ohio Board of Water Pollution Control.

Mayor Lindner reported the water works management and employees have been awarded a certificate of merit by the American Association of Water Works for an excellent safety record — one of 39 Ohio communities cited.

The next meeting will be Nov. 30.

## Causeway Opened

SANDUSKY, Ohio (AP) — The \$240,000 causeway connecting U.S. 6 and 2 with First St. at the entrance of the Cedar Point causeway was opened formally Monday by Mayor Marvin A. Pratt of Sandusky. Under construction four months, the roadway is 3,800 feet long.

## Record Vote Reported In Philippine Election

MANILA (AP)—A record number of voters went to the polls throughout the Philippines today to choose one third of the powerful National Senate and local officials throughout the young republic.

Despite an emotion-charged campaign during which more than 40 persons were killed, voting was reportedly peaceful and orderly in nearly all precincts. The total vote was expected to reach 6 million, and possibly 7.

## Georgetown Women's Group Will Conduct Meeting Nov. 18

The Women's Society of Christian Service of the Georgetown Methodist Church will meet Wednesday, Nov. 18, at 8 p. m. in the church. The meeting originally was set this week but was postponed because of Veterans Day.

Mrs. William Durst will lead devotions. Mrs. Frederick Butcher, president, will conduct business. Mrs. Butcher also will be hostess for the social hour, assisted by Mrs. John Nash, Mrs. John Laughlin, Miss Flora Nash and Mrs. Robert Bowser.

Plans will be made for the annual Christmas party and gift exchange.

Bethel Methodist Church held a congregational dinner Friday evening at the Hookstown Grange Hall, with 91 attending. The Rev. Herbert Bish is pastor.

A bazaar was held with Mrs. L. B. Hobbs in charge, assisted by Mrs. Leo Tingle and Miss Annabel Swearingen.

Miss Cora Mae Swearingen was chairman of the entertainment committee, assisted by Mrs. Ronald McAfee and Mrs. John Haluk. A movie, "None Goes His Way Alone," was shown.

Guest speaker was Miss Willa Ramsey, who is a missionary in India. She has represented the United Presbyterian Church there for 38 years and now is on home leave. She showed slides of the work there.

She is a niece of the late John Ramsey, justice of the peace in this vicinity for many years.

Other special guests were the Rev. and Mrs. Ellsworth D. Crispens and daughters, Mary Jane and Patty. He is a former pastor on the Bethel - Georgetown - Shipport circuit.

The dinner was in charge of

Mrs. Glenn Brady, with Mrs. John Gates and Mrs. John McConnell as her assistants.

Decorations were in charge of Mrs. Harold Ivell with Mrs. Lloyd Beal and Mrs. Fred Stroud assisting.

The Quilters Circle of the Women's Society of Christian Service will meet at the home of Mrs. Glenn Brady Thursday for an all-day meeting and luncheon.

The Willing Workers Circle will meet at the home of Mrs. Reason Mayhew Wednesday 8 p. m. Mrs. Harold Ivell is chairman of the group.

The Peter Pan 500 Club met Monday at the home of Mrs. Marion Rogers for its November session. Prize winners were Mrs. Duane Chambers, Mrs. Robert Bowser and Mrs. Steve Belich.

"Secret pal" birthday gifts were presented to Mrs. Robert Butterfield and Mrs. Rogers.

A gift exchange will be held at the next meeting Monday, Dec. 7, at the home of Mrs. Harold Robinson.

The Esther Bible Study Club met recently at the home of Mrs. William Durst. Mrs. Phillip Hewitt led devotions and Mrs. Frank Todd, president, presided.

The next meeting will be a Christmas dinner at the home of Mrs. Todd. Mrs. Marie Andrews will have charge of the program.

Mrs. Charles Finley, Mrs. A. S. Hilbert, Mrs. John Porter and Mrs. Donald Miller attended funeral services Tuesday at Sebring for Mrs. Robert Larkins. Mrs. Larkins was the former Mabel Smith of Smiths Ferry, daughter of the late Mr. and Mrs. Samuel Smith.

Mrs. Thomas Campbell and Mrs. Harry Prothero of Beaver were recent guests of Mrs. Thomas Calhoun.

## New Newspaper Begins 2nd Day Without Incident

COLUMBUS, Ohio (AP) — The Citizen-Journal—a combination of the morning Ohio State Journal and evening Columbus Citizen—began its second day today without incident.

Apparently there were none of the difficulties which delayed distribution of the first editions Monday morning. The press run was delayed Sunday night when mail room employees did not begin work on time because of questions of seniority. The mailers are affiliated with the International Typographical Union.

Today's editions carried a story explaining that a State Employment Service office and an employment agency for former Citizen employees have been set up in the old Citizen plant. The editions also carry a notice asking Columbus area businessmen to consider hiring former Citizen employees who lost their jobs when the papers combined.

The Citizen-Journal's editorial policy is directed by the Scripps-Howard Newspapers, while business and mechanical operations are conducted by the Dispatch Printing Co., which now prints the city's only afternoon and Sunday newspaper — The Columbus Dispatch.

The Ohio State Journal is believed to have released about 23 reporters and editorial workers.

## Bridge Employees To Split \$2,000

COLUMBUS, Ohio (AP) — Fifteen toll-takers and other employees on the Steubenville-Weirton, W. Va., bridge over the Ohio River expect to split a \$2,000 severance pay melon after the span become toll-free at midnight Thursday.

The employees will lose their jobs at that time under a new law passed by this year's Legislature eliminating tolls.

The Ohio Bridge Commission asked Atty. Gen. Mark McElroy to rule on the severance pay question. His opinion is expected before the weekend.

Attorneys said that under a 1946 court decision, severance wages can be paid non-civil service employees. Workers on the Steubenville bridge are not under civil service.

Elimination of tolls on the bridge that was acquired on Feb. 6, 1952, will leave only the bridge over the Ohio River at Portsmouth under supervision of the Ohio Bridge Commission through a trust agreement.

## Club Waits Speaker

LISBON — V. B. Henderson of Youngstown, district freight office manager of the Pennsylvania Railroad Co., will discuss "How Railroad Problems Affect You" at a meeting of the Lions Club Wednesday at 6:15 p. m. at the club's cabin near Willow Grove Park. He represents the Railroad Community Committee of the Mahoning and Shenango Valleys.

## Trustees Clear Drive For Pay Of Constables

Permission for a canvass of the Calcutta area for funds to pay for police constables was granted by the St. Clair Township trustees at a meeting Monday night.

The Calcutta Area Development Association is sponsoring the drive to provide pay for police constables. State legislation ended Nov. 6 the fee-paid status of former elected constables.

Richard Beatty is to canvass business places and Dean Wilhelm and others will canvass residents. Trustees have been asked to consider submitting a levy in a 1960 election.

Trustees discussed the possibility of purchasing a new cinder and salt spreader for the township truck to be used on icy roads. Howard Adams of Salineville, implement dealer, offered one for \$598. Further action will be considered in January.

Robert Coie of Glenmoor reported a ditch clogged and Martin Christen requested red dog for Lyle St.

## Midland School Slates Education Week Event

The Presentation Parochial School at Midland will observe American Education Week with a student assembly Friday at 2 p. m. Sister Ermeline, principal, said today.

The eighth grade will be in charge of the assembly, which will concern education and its advantages.

## 3 Boys Penalized In School Damage

Three East Liverpool boys who admitted burglarizing Neville School Thursday and then smearing ink on the rear of East Junior High School were ordered Monday afternoon by Judge Louis Tobin at Lisbon to pay a \$10 penalty each to the Community Fund.

The boys, 14, 15 and 16, also were ordered to observe a 6 p. m. curfew for the next two months, followed by a 10 p. m. curfew for the remainder of the school term. They were told not to associate with each other except at school and to apologize to the principals at each school. The boys also were told to work an hour daily for the next two weeks with the janitor at East Junior High, helping keep the building clean.

Juvenile Officer Chris Pusey advised the court loot taken at Neville School had been returned and the boys washed the ink off the other building. Herbert Robinson, 20, of 1785 Pennsylvania Ave., who admitted being with the boys in the Neville burglary, was given permission by the court to enlist in the armed forces.

## Artist Dies At 67

ALBANY, N.Y. (AP) — John Carroll, 67, an artist who for many years taught at the Art Students League in New York City, died Saturday of a liver ailment. Carroll, whose paintings hang in the Metropolitan Museum at New York and in many other museums in America, was born at Kansas City, Kan.

## Mental Tests Urged For Convicted Youth

CINCINNATI (AP) — Harry H. McIlwain, attorney for a teenager convicted of a robbery-murder, wants the youth examined by psychiatrists.

McIlwain also asked a three-judge court Monday for a new trial for Huston Nelson, 17, on a first-degree murder indictment.

McIlwain, asking for mental tests, said "there is something wrong with Nelson."

Nelson, accused of shooting to death Mrs. Bernice Wilson, 61, in her drugstore last Feb. 9, was convicted without a recommendation of mercy. That automatically means the death penalty in Ohio.

Charles Bell, 16, was convicted of first-degree murder in accompanying Nelson on the robbery.

## Open House Draws 40 At Grandview School

About 40 attended open house at the Grandview School near Chester Monday night as part of a meeting of the Parent-Teacher Association.

Visitations were held with teachers. William Schladen, president, reported on the state PTA convention last month at Morgantown.

The attendance banner was won by the third and fourth grades, taught by C. B. Smith. Refreshments were served by Mrs. Robert Mayes, Mrs. Victor Reed and Mrs. Joseph Holcomb.

The annual Christmas program will be held at the next meeting Dec. 17.

## Open House Due At Wells High For Education Week

"Open house" is scheduled tonight from 7 to 9 in Wells High School in Newell as Hancock County schools observe American Education Week, which opened Monday.

Supt. Robert H. Hall today urged all citizens to "accept their responsibilities of visiting schools and observing them in operation."

Newell residents tonight may visit classrooms, a band rehearsal room and a new home economics department, where refreshments will be served.

Other "open house" observances are scheduled tonight at Dunbar and Weirton Elementary in Weirton, Thursday in New Cumberland, Cove, Liberty and Broadview, and Nov. 18 in Jefferson School in Newell.

Weirton High School will hold open house Nov. 30. Parents may visit the Pughtown elementary school early in January, when a new building is expected to be completed.

Theme for the 30th annual observance is "Praise and Appraise Your Schools," according to Mrs. Matthew Javersak, president of the County Council of Parent-Teacher Associations.

## 2 Right-Of-Way Cases Settled Without Trials

LISBON — Judge Joel H. Sharp directed verdicts Monday in two property damage cases in which agreement had been reached by the litigants — the Ohio Edison Co. and residents across whose land the utility erected power lines.

Thomas and Vera Lucas of Lisbon R. D. and Hazel Hart of Salineville and others came to agreement with the utility and the issues were settled without trial. Some 30 jurors summoned for the planned trials were dismissed.

The Lucas case was settled for \$740 for a right-of-way and \$4,260 for damages. The Hart case was settled for \$950 for a right-of-way and \$2,500 for damages.

## 'Open House' Attracts 100 At Chester School

About 100 attended an open house and visitation at Chester High School Monday night in observance of American Education Week.

A program was presented by the Future Teachers of America and the school speech class. Sharon Roberts, winner of a recent Voice of Democracy speech contest, spoke on "I Speak For Democracy."

Thomas Hindes made the introduction; Bertha Cunningham spoke on education week; Jeanne Miller discussed "What Is A Teacher?" and Gloria Blankenship sang a solo. Representatives of clubs spoke. Prayer was given by Bill Seanor.

MRS. GLENN GRAHAM  
Friendship, Ohio

Thursday mite,

Dear Mom,

Did you get the sweater OK? I mailed it last Tuesday.

Glenn Sue is out to play and Timmy has been diapered and bottled and I've got time to sit down and write you this note. We are all fine here. Speaking of time, I've got so much more of it since we moved into our all-electric home. I can really notice a big difference. I seem to be able to keep ahead of the laundry and cooking. Even have time to read to Glenn Sue and get all of us cleaned up before Glenn gets home.

It just seems like I can be more of a wife and mother—and not just a household servant. Must be a lot better now than when you were my age. We just love our electric heat. It's so wonderful not to have a furnace and all the mess that goes with it. Last winter was colder than usual, but the low cost has surprised us! We plan to drive over and see you next Sunday—not this coming Sunday, but the one after.

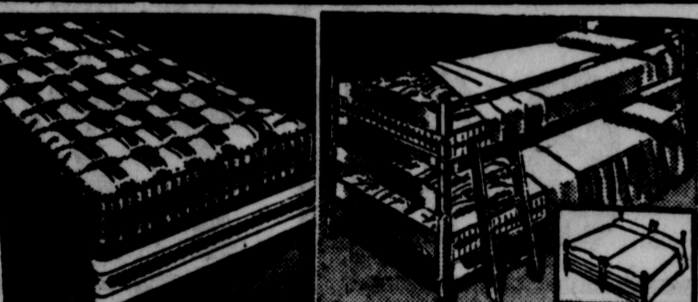

Love,  
Lorena

Mrs. Graham lives in Friendship, Ohio. Her Mother, Mrs. Ray Hazelbaker, lives in Stoney Run, Ohio. Both are Ohio Power customers, and both enjoy better living...electrically.

## Statement Issued At Midland

## Board Explains Policy On Jointure

Acting on a request made about two months ago by the Chamber of Commerce and private citizens, the Midland Board of Education Monday night issued a statement explaining many of the aspects to be considered if the district joined with neighboring school areas, but without taking a stand for or against the idea.

The statement, approved by the board and announced by Leslie B. Roach, president, said that the board has studied the idea for several years and has tried to keep up-to-date on information which might guide it in planning the most advantageous moves for the taxpayers and for the welfare of Midland students.

Roach said that many uncertainties have prevailed and that the board has been hesitant to assume the initiative in the matter of proposing a jointure or a merged system of school operation.

HE SAID answers to uncertainties could influence and direct the board in its planning for Midland schools. He said the board is concerned with:

(1) "The borough's comprehensive plan, now being drawn up, which will include a recommendation for the school system. We consider it wise to ascertain what these recommendations are so that

our plans for school development might conform with the development of the rest of the community," the statement said.

(2) The growing population of neighboring districts will make necessary an increased capital outlay and operating costs. "We are not sure that the taxpayers of Midland are ready to assume its share of the increased costs in these districts in view of the fact that our own tax source will continue to decrease during the next five years," Roach said.

(3) "On the basis of comments made to some individual board members, we are not sure that the citizens of our community would accept a plan of transporting some of our pupils to another district should such an operation become necessary," the board's statement said.

ROACH SAID that at the last meeting with school board members of neighboring districts, the Midland board was impressed with the idea that "the door would always be open" for future negotiations with them.

He said that for many years "we have served our neighbors by providing them with secondary education. Our relations with our neighbors have always been most pleasant and cordial. We sincerely hope that such a situation continues."

The statement concluded that the board feels that Midland taxpayers should be better informed concerning "this important issue and have an opportunity to express to their representatives on the Board of Education what their wishes are concerning the future of our schools."

"WE HOPE that citizens of our community will become adequately informed on the facts of this issue and then give constructive direction to the board," it said.

"We as members of the Board of Education are dedicated to provide the very best educational program for the boys and girls of our community within the financial limitations of the desires of the taxpayers of Midland."

Attached to the statement were excerpts from Pennsylvania state laws concerning the forming of union, merged and joint districts and their advantages and liabilities.

To form a union district, the law says that any two or more school districts may comprise the union. Each of the districts must present a petition to the county commissioners signed by a majority of school board members of each district or any elector of either district may present a petition to the commissioners signed by at least 25 per cent of the registered voters.

AFTER PETITIONS have been approved by the superintendent of public instruction and filed, the county commissioners will submit the question of forming a union to the electors of the districts at the next general or municipal election.

Merged districts can include parts of other counties and they, too, must be voted upon. Joint districts may be formed by the majority vote of boards of the several districts with the approval of the county board of school directors and the Department of Public Instruction.

Under joint districts, the cost of establishing, constructing, equipping, furnishing and maintaining joint schools, including the cost of transporting students, is paid by the several districts.

Affairs of the joint district are directed jointly by several boards of school directors or by a joint school committee.

In union and merged districts, liabilities of two or more districts are consolidated into the union or merged district. Debts, taxes and treasuries of the several districts are paid to the treasurer of the new district. Agreements may be made concerning the extent of liabilities prior to an election.

Midland, unlike other boroughs, stands to lose students and tuition if the neighboring Western Beaver County School District builds a proposed high school.

## Nazarene Church Gives New Call To Rev. J. E. Hunton

The congregation of the First Church of the Nazarene conducted a vote at the Sunday morning service and extended a three-year recall to the present pastor, the Rev. James E. Hunton.

The extension will become effective the first week in May 1960. Rev. Hunton has served at the local church since July 5, 1956, coming from East Cleveland, where he served the First Church of the Nazarene for 7½ years. He succeeded the Rev. L. D. Morgan, who moved to Pasadena, Calif.

A native of Arlington, Va., he was graduated from George Washington University in Washington and was ordained in June 1937.

He and his wife reside on Jennings Ave. Their son, Jay Hunton, a graduate of Rutgers University, is a seminary student at Kansas City, Mo.

## Wellsville Board Decrees

## Teachers To Forfeit Pay In Missing State Meetings

A resolution requiring that all teachers either attend the East Central Ohio Teachers' Association meetings or waive their salary for the day was adopted by the Wellsville Board of Education Monday night.

Supt. S. E. Daw pointed out that teachers' salaries are paid by state and city taxes. The state allows the instructors one day to attend such a meeting and if they don't, they shouldn't receive their pay, he said.

Teachers will be paid if they are absent with a reasonable excuse, however. Earl Bake, president, said when Wellsville's salary schedule was lower the fact that some did not attend district conferences was overlooked.

"Now that the salary schedule has been raised, I feel it is their duty to be present at the sessions," he said.

Daw said Wellsville teachers formerly belonged to the Eastern Ohio Teachers Association which met at Zanesville, Marietta and Cambridge. This was a long distance for them to travel. They now are members of the newly-formed ECOTA, which met in October at Canton.

The board also discussed various problems faced by parent-teacher associations. Board members asked Daw to check with principals of the buildings to determine why more teachers are not attending the sessions. They also asked if visitation programs could be set up between teachers and parents.

American Education Week is being observed in the schools this week. The program is being sponsored by the Teachers Association. Invitations have been sent home with the students asking parents to visit the schools during classroom sessions. Various displays made by the students are being shown in the windows of business establishments around town.

Daw said he visited Fairview School at Hillcrest last week and found operations there proceeding well.

Charles Glass, member-elect, attended the meeting. He will re-

place Donald Wellington, who failed to file for re-election.

The board approved the purchase of a used snare drum for \$50. It is for symphony work of the band.

A lengthy discussion was held on the problem of purchasing and distributing janitorial supplies. In the past, each janitor made his own request for supplies and there was no central storage place.

A storage room is being prepared in the Beacom Memorial gymnasium. Earl Mundy, general supervisor, will be in charge of distribution.

Raymond Rolley, clerk, reported a representative of the Minneapolis-Honeywell heating control firm had spent three days checking and adjusting the controls at all schools in the city.

Russell Dysert, member, said the control system at Fairview needs changed. Rolley said the representative said the work could be done for an estimated \$350. The boiler at the school is operated manually.

David Brookman, member, and Bake both reported they had received complaints about students not being allowed to put locks on the lockers at the high school and Daw Junior High. Daw said the policy was set by William Menough, high school principal. Dysert remarked that perhaps Menough's idea may be to keep the students from putting anything valuable in the lockers.

Rolley reported a daily average of 232 students ate at the high school cafeteria during October. The average at Fairview's cafeteria was 117. Neither figure includes members of the faculty.

## Woman Electrocuted

CINCINNATI (AP)—Police said a woman in nearby Silverton was electrocuted accidentally Monday night when she reached for a metal lamp while sitting in her bath tub. The body of Mrs. Clara Vitorino, 57, was found by her husband, Frank, when he returned from work, investigators said.

## Radio Club Nominates; Election Slated Nov. 23

Nomination of officers was held at a meeting of the Triangle Radio Club Monday night at the Smith St. quarters. About 24 attended.

A slate was submitted by a committee headed by Harry Alvalois. Election will be held Nov. 23.

A new member was enrolled and the purchase of equipment for a multi-band antenna was authorized. Discussion was held on various antennas.

Murray Gast of Wellsville, formerly of near Marion, was a guest. Dan Clark, president, was in charge. Refreshments were served by Otto McVey.

## Huge Tennessee Dam To Be Dedicated Today

FLORENCE, Ala. (AP)—The new Wilson lock on the Tennessee River, described by engineers as the highest in the world, will be dedicated here today.

The lock with other attendant features cost more than \$8 million dollars. The chamber is 110 feet wide and 600 feet long. It is filled in 12 minutes with 50 million gallons of water, and emptied in 12 minutes more.

The lock was three years in construction. It has a maximum lift of 100 feet, making it the largest single lift lock in the world.

## Club In Newell To Sell Books

The Newell Women's Club is participating in an advance sales campaign as a project of the West Virginia Federation of Women's Clubs, which is sponsoring sale of a pictorial brochure about the Mountaineer State.

The booklets will present the state's history, attractions and resources, covering 36 pages with color photographs.

Mrs. Ann Cawthon, president of the Newell club, said members now are taking orders from Northern Panhandle residents wishing to purchase brochures and aid in the Federation's drive to "Tell The World About West Virginia."

The inaugural issue is planned tentatively to be printed early in 1960, club officials said.

Hancock County residents and others in the Northern Panhandle must place initial orders for the state booklets by Dec. 1. One issue will cost \$1.10, the club said.

Miss Mary Katharine Barnes of Philippi and Charleston, state Federation president, said: "The circulation of these state booklets can mean millions of dollars in tourist trade alone." She added that "it would be hard to estimate what it will be worth to our state, especially with our centennial just two years away." "West Virginia" will be the name of the booklet.

East End Legion Schedules Dinner

Plans were completed for the annual Veterans Day dinner Saturday night at 6:30 when American Legion Post 374 met Monday night in the post home.

Commander Allen Goodman said the principal speaker will be Chester Stellar of Creston, second state vice commander. A turkey dinner will be served by the ladies auxiliary.

Members and friends are to purchase tickets by Wednesday night, Goodman added.

In other business, Goodman requested members and the general public to display flags on Wednesday, Veterans Day. James Wallover, service officer, said donors still are needed for a blood bank recently re-organized by the post after a lapse of several years.

James Cregar, first vice commander, reported a membership of 195. Thirty attended. The next meeting will be Monday night.

Mark Twain's "The Adventures of Tom Sawyer" was excluded from the children's room of the Brooklyn Public Library in 1876 and banned altogether by the Denver Public Library.

## Labor Speaker Waited

LISBON — Joseph F. Rice of Pittsburgh, staff representative of the AFL-CIO, will speak on the labor situation at the meeting of the Kiwanis Club Thursday noon at the eagle's dining hall. Rep. Clarence Wetzel and William Wright are program chairmen for November.

# Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: That man assigned himself "Superior Sex" made me mad. He sounded like my old man. In fact if husband could spell I would be wrote that letter.

Men are the "strong sex" are they? Since when? I always said the men had to have babies they wouldn't be any humans on earth in 100 years—only fish and gulls.

The average woman, if she's a wife and mother, is on her feet all day and half the night. Show me a man with varicose veins and I'll show you 10 women. Ask any doctor.

When a woman marries she takes her husband for better or worse but a man always tries to make his wife over so she'll be like his mother, sister or an old girl friend.

All the articles today tell us "How To Keep HIM Happy." You'd think every slugger wearing pants was the Prince of Wales.

When my husband had a bad cold last winter I was up half the night rubbing his chest and bringing him hot tea. I had an operation in June. Who do you think was up at night with me? The dog. — TYPICAL AMERICAN WIFE.

## Fallen Angel

Dear Ann: I've always considered you a sensible person but the answer you gave the aunt who was responsible for the 16-year-old tomboy was downright foolish.

Isn't a 16-year-old girl better off wrestling in the back yard in broad daylight with 13- and 14-year-old neighbor boys than with a 20-year-old hotshot in a parked car?

Most young girls are either necking up a storm, sitting in front of a mirror making up their eyes, talking on the phone for hours or wearing out record players. Since when has physical exercise fallen into ill repute?

I was a tomboy and I'm proud of it. It was an honor to be called when a kite got caught in a tree, or when the fellas needed an extra "guy" for football.

I'd bet my life you don't have a daughter or you'd have answered that problem differently. — MRS. S.

Dear Mrs. S.: You've got a bum bet. My daughter is in college. If at 16 she was called to get a kite out of a tree or be the "extra fella" on a football team, I would have been mighty disturbed.

Some girls mature later than others, physically and emotionally, and this is nothing to become alarmed about. But a girl of 16 who is pitting her physical strength against 13- and 14-year-old neighbor boys has an immature social approach.

## Motorist And Trucker Hurt In Route 7 Crash

A Wellsville motorist and a trucker were injured in a near head-on collision of a car and semi-tractor trailer truck Monday morning at 8:15 on Route 7 about two miles north of Stratton.

The Wintersville State Highway Patrol said Carl Channels, 21, of 1733 Lincoln Ave. drove his car left of center, striking the truck driven by Wesley Daderon, 32, of Colliers R. D. 1. Both vehicles were damaged heavily, officers said.

Channels was treated at City Hospital for multiple abrasions of the legs, arms and throat and an injury to the left elbow. He was arrested for unsafe operation.

Daderon was treated at Ohio Valley Hospital at Steubenville for an injury to his left thigh.

## Wellsville Legion Sets Veterans' Day Dinner

Wellsville American Legion Post 70 will hold its annual Veterans Day dinner Wednesday at 6:30 p. m. at the post home. About 100 are expected.

The program will be in honor of deceased veterans and servicemen and Gold Star Mothers. The auxiliary will serve the meal.

Robert Patchen of Columbiana, 10th District committee chairman, will be guest speaker. A musical program will be presented. William Daugherty will be master of ceremonies, according to Robert Lowther, commander.

## Cited City Driver Gets Continuance

An East End motorist, accused of drunken driving after a spectacular crash Saturday night on Pennsylvania Ave. near E. 4th St., received a continuance Monday afternoon in Municipal Court.

Clyde E. Hunt, 32, of 1069 Locust St. appeared before Judge George L. Brokaw yesterday afternoon after his release from City Hospital, but his counsel, Atty. William S. Foulks, asked a continuance because of other court cases.

Judge Brokaw set Nov. 20 for the hearing. Hunt was freed after posting a \$1,000 bond.

Hunt was arrested after his car struck a utility pole and overturned, pinning him and his passen-

ger, Garland Gilkinson, 464 1st Ave., in the wreckage.

Dr. Arthur L. Turner, 146 W. 5th St., forfeited an \$11 bond this morning on a charge of failing to stop within the assured clear distance. He was cited Oct. 31 by the State Highway Patrol after an accident on Route 267.

Donald L. Williamson of Toronto forfeited a \$16 bond yesterday on a speeding charge. He was cited by police over the weekend.

## Jailed For Contempt

LISBON — Theodore R. Roberts, 52, of Salineville R. D. 2 has been sentenced to 10 days in County Jail for contempt of court by Judge Raymond S. Buzzard. Roberts failed to make support payments for two minor children.

## Kane Given Top Grade For Electrician's Exam

The names of three men, who passed a Municipal Civil Service Commission examination for city electrician Monday night, are expected to be turned over to Safety-Service Director Joseph F. Ross today.

The commission said Fred L. Kane of Harriett St., who has been holding the job on a provisional appointment, finished with the top score of 98.

Also scoring passing grades were Donald K. Croxall, 833 Watson Ave., and Clifford D. Miller, 1030 St. Clair Ave., the commission said. They were the only three to take the examination for the \$386-a-month job vacated last summer by the retirement of Raymond Cowles.

## 5 Motorists Penalized By Cumberland Squire

NEW CUMBERLAND — Four drivers were fined for improper passing and a Chester man was penalized for speeding at hearings Monday before Squire John D. Herron.

Fined \$10 and costs each for improper passing were George J. Prince, 39, of Warren, Morris L. Goldberg, 65, of Pittsburgh, Clark E. Morrow, 44, of Banning, Pa., and Anthony J. Bradic, 42, of McKeesport. All were cited Monday in Newell by Hancock County sheriff's deputies.

Gary K. Gibbs, 25, of Chester was fined \$10 and costs for speeding. He was cited Sunday by West Virginia State Police.

## Fish And Game Group Plans Shooting Event

LISBON — Thirty attended the meeting of Columbiana County Fish and Game Association Monday evening at Village Hall.

Plans were completed for a turkey and ham shoot Sunday, Nov. 22, at the club's range east of Elkton. The shoot was erroneously reported as being next Sunday, Secretary R. T. Mason said.

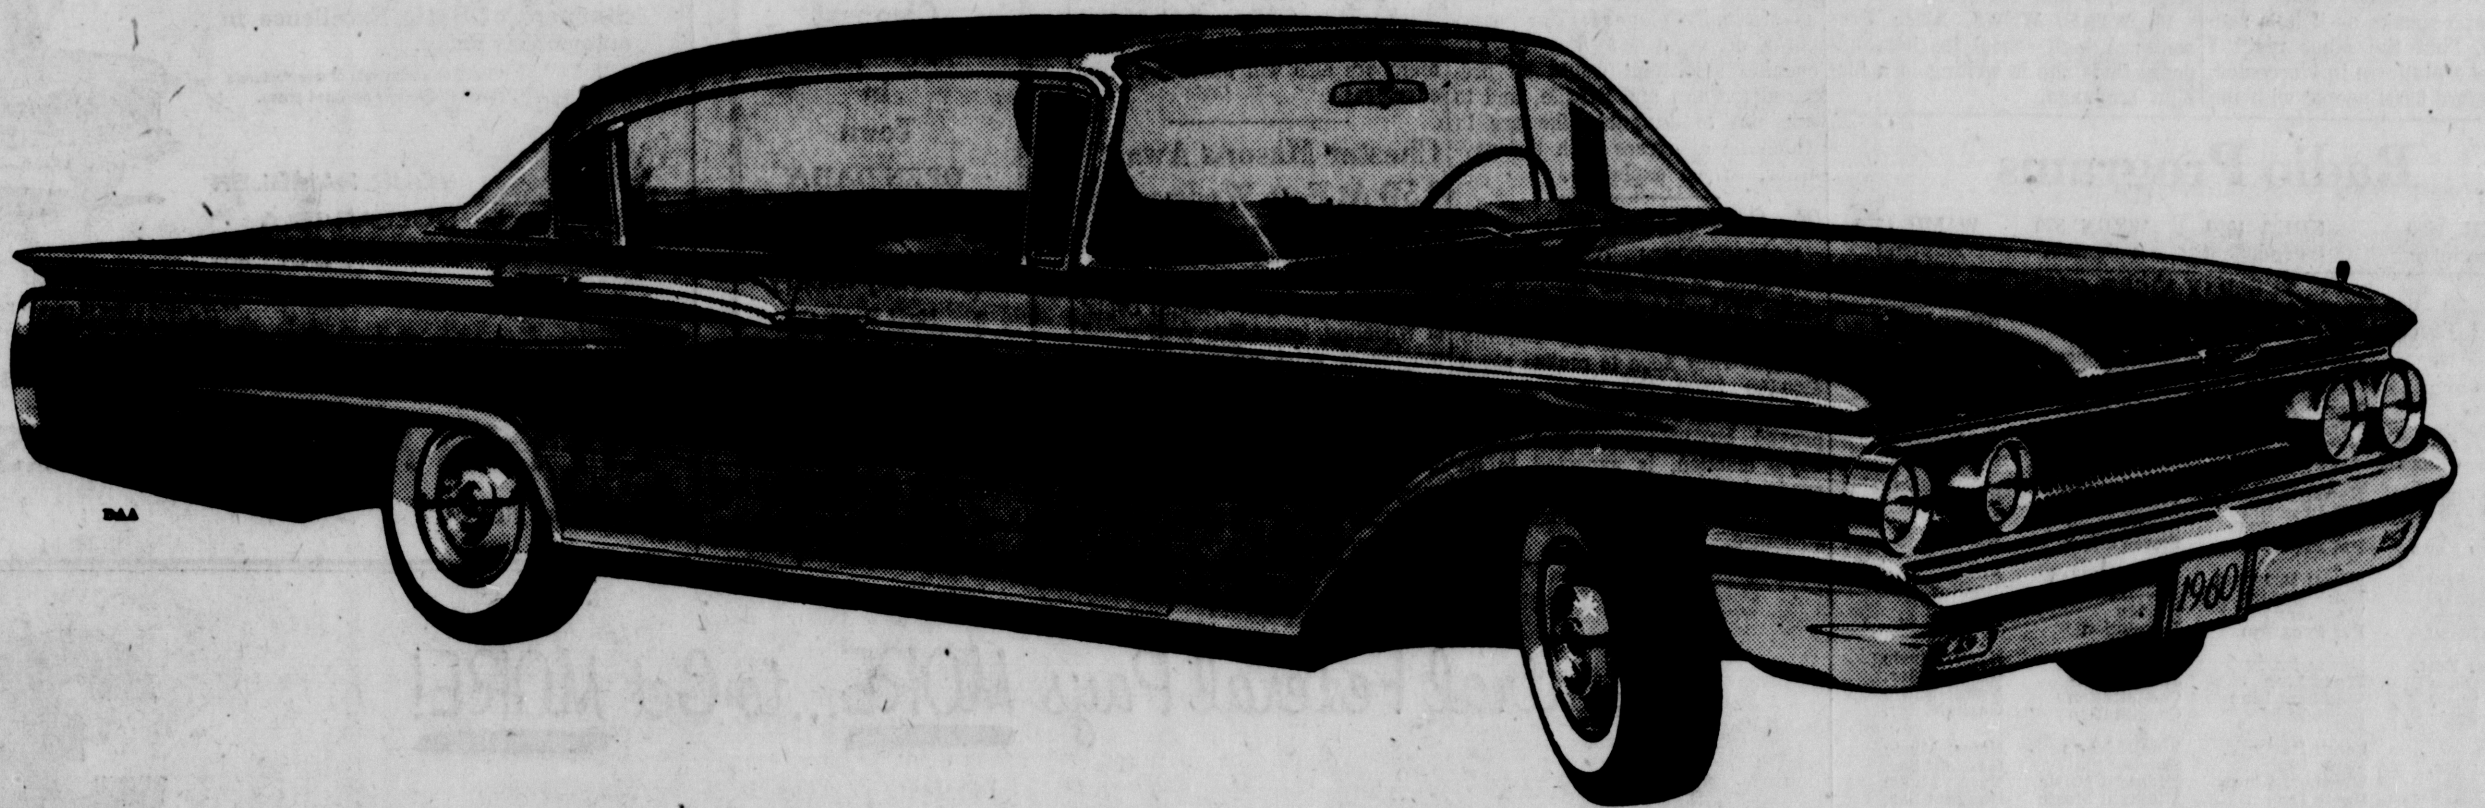

## Civic Leader Taken

ORANGE, Tex. (AP)—Edward T. Robbins, 57, civic leader and head of the Robbins Stevedore Co., died Sunday when he suffered a heart attack while driving his automobile. He was born at Brewton, Ala.

### A Splendid American Comes To TV

Contrary to popular opinion, there are splendid Americans as well as ugly Americans in the TV firmament, and we'd like to tell you about one of them.

Actually, the man to whom we refer is not more a part of TV's scene than was Charles Van Doren or Herb Stempel, or a of those other imprudent people before the temptation of TV money distorted their moral judgment.

Dr. Tom Dooley, our splendid American, also seeks money from TV, but there's a whole of difference in the objectives.

A victim of cancer since last spring, the 33-year-old doctor who has attracted worldwide attention for his medical work deep in the jungles of Indochina, is permitting himself to be used as a "Guinea pig" for a prodigious CBS study on cancer out of the Ed-Murrow-Fred Friendly offices. This is to be shown next month.

CBS CAMERAS have been recording Dr. Dooley's activities since before he underwent a major chest operation necessitated by a particularly fast-spreading form of cancer known as melanoma.

He allows TV cameras to intrude on what he realizes may be his "last months" for a two-fold purpose, one of which is to raise money for Medico, a voluntary organization which sends doctors, nurses and aides, to medically underprivileged countries. All proceeds from the TV film will be turned over to Medico.

The other "purpose" is also beautifully altruistic.

"CANCER," says Dr. Dooley, "creates fear. Fear comes from ignorance. Through television, I hope to make people face up to the facts of cancer. I want to eradicate the fear, the ignorance about cancer."

"A woman learns she has a spot of cancer and she's so full of depression she withers away—doesn't wash the dishes any more, doesn't tend to the children.

"This is horrible. Cancer ought to be regarded as just an incident in our lives, an incident like a broken arm. I want people to see all I've been doing, even with the knowledge of a malignant cancer."

What Dr. Dooley has been doing would exhaust even the most physically fit. At the moment, he is in the middle of a speaking tour on behalf of Medico, taking in 49 appearances in 41 days in 37 cities.

The last chapters of a book also preoccupy him, not to mention testimonials and such. He is trying to squeeze in much before he returns (with CBS cameras) next month to Laos and his hospital at what he calls "the edge of tomorrow."

"YOU WON'T believe this," said Dooley, who speaks as if he's racing time, "but the other night I walked on a platform in Worcester, Mass., before 6,000 people with the

sole of one of my shoes flapping. I hadn't had time to get to a shoemaker, and it was the only pair of shoes I owned.

"Next morning, while a reporter was interviewing me, I asked him if he'd mind continuing the interview on the way to a shoe store. He said, 'Sure.' Off we went, me with my sole flapping and in my hand a briefcase containing \$9,000, money I had collected the night before for Medico.

"When it came to paying the \$12 for the pair of shoes, I opened my wallet and there wasn't enough money. I tried to get the clerk to send the shoes COD to my room at the Waldorf Astoria, but he wouldn't believe I was staying at the hotel or that I had \$9,000 in my briefcase.

"He kept saying, 'Yeh, yeh.' 'Well, when I realized there was nothing more I could say, I opened the briefcase and took out enough for the shoes. After all I've done for Medico, I figured they could darn well buy me a pair of \$12 shoes."

LAURENCE OLIVIER, whose "Moon and Sixpence" was unquestionably the TV event of the year, has accepted another TV assignment, the role of Prince Myshkin in Dostoevski's "The Idiot." Writer S. Lee Pogostin and director Robert Mulligan again will be associated with Olivier in the project, scheduled for production next spring.

After much deliberation, the motion picture industry has decided to sponsor the Academy Awards telecast in April. And well it should, since the Oscar show is tantamount to a big plug for the cinema. Until recently, you may remember, movie industry officials were hopeful that the television industry would regard the Oscar event as "public service" and present it at no cost to the picture people.

## \$200,000 Cost Slated In New Housing Work

Council Monday night accepted the plan for a new Bright View Addition on Deidrick's Hill on North Side, clearing the way for a new residential housing development in which 10 homes will be built at a total cost of approximately \$200,000.

Council acted at a special session after hearing plans for the new construction outlined by Atty. Donald E. Smith, the developer. He said three homes already are under construction and 7 more are scheduled to be built for sale on the 4.7-acre tract.

The new development has a single street called Bright View Dr. It runs upgrade from Fairmont St., then takes a right angle turn to the east and finally branches out in a T. Its overall length is 600 feet.

The cost of the new homes will range from \$18,500 to \$22,000, the attorney said. He pointed out to Council the construction will add about \$2,500 a year to the city's tax duplicate.

William Talbot, contractor, already has two homes under construction and Chester Brown, another contractor, is erecting the third, Atty. Smith said.

Most of the utilities and other improvements are already in place in the tract, Atty. Smith told Council.

A water line has been laid, with work being completed yesterday, and electric lines have been run in, the attorney said. A sewer has been installed, except for the last 60 feet, and work is expected to be completed on that stretch within a few days, he said.

To assure Council that the new street will be blacktopped, the attorney filed a "letter of intent" giving notice that he has entered into a contract for the surfacing with the H. & H. Asphalt Co. The work will be completed as soon as weather permits in 1960, he said.

The first slag coat will be applied to the new street in about 10 days, Atty. Smith said. The theory is that slag will be applied this winter in order that it will be compacted into the earth by passing vehicles, he said. That will build up a base to clear the way for blacktopping next year, he added.

Council gave unanimous approval to the ordinance officially accepting the plan. Councilman H. A. Tullis was excused.

## DiSalle, Cloud To Debate Taxes

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle's new opponent for a televised tax debate here Sunday (WBNS-TV 4:30 p.m. EST) won't have to explain any or all of his position beforehand, the governor's press secretary says.

State Rep. Roger Cloud (R-Logan) agreed Monday to replace State Rep. John W. Brown (R-Medina) on the hour-long "Columbus Town Meeting" show, debating the state tax program with the Democrat governor.

Brown, a one-time interim governor, declared in a letter Saturday that he would not take part as originally planned. The governor's office called him to say the opening statement would be prepared for him and DiSalle, and to ask him to designate the are in which he disagrees with the governor, Brown explained.

## To Sell Home Site

YOUNGSTOWN, Ohio (AP)—A resolution to sell the 280-acre site of the Mahoning County Home has been approved by county commissioners. They hope to realize about \$300,000 from the sale. A new home, to be built with money approved by voters at last Tuesday's election, is expected to be ready in about two years to replace the present condemned structure.

## Post 4 Expects 150

## Wayne Hays Will Address Legion Veterans Day Fete

Rep. Wayne L. Hays, 18th Ohio District congressman, is scheduled to speak at the 40th annual Veterans' Day banquet of American Legion Post 4 tonight at 6:30 in the post's Memorial Home. A capacity crowd of 150 is expected.

Carl M. Turk, commander, will preside. Dr. D. Finley Wood of the First Methodist Church will give the invocation and the benediction.

Vocal solos, "My Buddy" and "The Star-Spangled Banner," will be presented by Ernest Lowe, a past commander. Numbers also will be given by the Colonials, a barbershop quartet comprised of James Raffle, Charles Brooks, William Brooks and Dale Keddle.

Prosecuting Atty. G. William Brokaw, a past commander, will serve as toastmaster. He will introduce Gold Star Mothers, past post commanders and guests.

## Church Luther League Will Hold Pizza Supper

Thirteen members and two advisors attended a meeting of the Luther League of St. John's Evangelical Lutheran Church Sunday night at the church.

Devotions were led by Larry Guy and recreation was under the supervision of Pam Maloney and Sally Maley. Refreshments were served.

A nickel pizza supper with soft drinks will highlight the meeting next Sunday at 6:30 p. m. The members also will address church envelopes.

## Chester Masons Await 150 At Fete Wednesday

About 150 are expected at a 50th anniversary banquet of Chester Masonic Lodge 142 Wednesday night at the temple. William Loper of Wheeling, immediate past grand master of West Virginia, will be honored guest.

Women will be guests at the dinner at 6:30, at which the Charters of Osiris Temple will present a program. At a meeting tonight at 7:30, a Master Masons degree will be conferred.

## Bazaar Slated For Fairfield

A bazaar and supper will be sponsored by the WSCS of the East Fairfield Methodist Church Saturday night at the Fairfield School. The turkey and ham dinner will be served from 5 to 7.

Mr. and Mrs. Wayne Thompson and children of Glenmoor spent Sunday with Mr. and Mrs. Chalmers Morris.

Mr. and Mrs. Ed Pinkerton of Sebring visited Mr. and Mrs. William Wilson Sunday night.

Sunday dinner guests of Mr. and Mrs. Alva Cope were Mr. and Mrs. Curtis Cope and daughter of Columbus.

Thomas Warrington of Damascus spent Sunday afternoon with Mr. and Mrs. Ed Esenwein. Mrs. Ralph Baker and Mrs. Harold Baker and daughter visited at Leetonia Saturday night.

Mr. and Mrs. Lester Pugh of Deersville attended the Sunday service of the current revival series being held nightly at the Methodist Church.

Paul Esenwein of Carter Rd., whose hand was badly lacerated while at work at the Kaiser Aluminum & Chemical Co. plant Friday, remains at Youngstown Southside Hospital.

## Couple Observes 58th Anniversary Of Married Life

Mr. and Mrs. James Leroy (Roy) Welch, 1308 St. Clair Ave., celebrated their 58th wedding anniversary Sunday at a family dinner given by their son and daughter-in-law, Mr. and Mrs. S. James Welch, 1008 St. John St.

An arrangement of fall flowers centered the table.

Mrs. Welch is the former Lydia Dunn. The couple was married Nov. 7, 1901, by the late Rev. W. H. Gladden, pastor of the then Methodist Protestant Church, now Calvary Methodist. Mr. and Mrs. Will Rabon were the attendants.

Both are 78. Mrs. Welch is in good health, but her husband has not been well since February. Welch retired in 1951 after being a foreman for 42 years at the Edwin M. Knowles China Co.

Mrs. Welch is a charter member of the Rebecca Griscom Chapter, Daughters of the American Revolution. Her husband belongs to the Fraternal Order of Elks.

They have one grandson, James Leroy Welch, who was discharged recently from the Army after 17 months duty in Germany. Deceased are a son, James Welch, and a daughter, Mrs. Bertha M. Marcus.

# Syracuse Takes Over No. 1 Spot In National Grid Poll

## Texas Second, LSU Slips To Third Place

By JACK HAND  
Associated Press Sports Writer  
Syracuse has taken over the No. 1 spot among the nation's football powers with a slender lead over Texas in the weekly Associated Press poll of sports writers and sportscasters.

Both Louisiana State and Northwestern, running one-two a week ago, were dumped from the ranks of the unbeaten last Saturday. LSU, the leader for 14 straight weeks, fell before a sturdy Tennessee team. Northwestern was beaten by Wisconsin in a battle for the Big Ten lead.

The race between Syracuse and Texas, both unbeaten, was decided by only 12 points, although Syracuse received 111 first place votes and Texas 85 of the 280 cast. Texas, a 13-1 winner over Baylor, picked up enough second, third and fourth ballots to finish a tight second.

Syracuse handed Penn State its first defeat 20-18. The victory virtually clinched the Eastern title and a bowl bid for the Orange.

Despite its defeat, LSU drew solid support and dropped only to third place. Northwestern fell from second to sixth. The outpouring of 280 votes was the heaviest of the season and the most in several seasons.

The only newcomer among the top ten was Tennessee which displaced Clemson despite Clemson's 6-0 victory over Duke.

The top ten with points based on 10 or a first place vote, 9 for second etc. with first place votes in parentheses:

## Has 328 For 9 Games

# Baylor Tops NBA Scoring After 64-Point Showing

NEW YORK (AP)—Elgin Baylor, the remarkable Minneapolis sharp-shooter, grabbed the National Basketball Assn. scoring leadership when he set an all-time single game record of 64 points against Boston Sunday night.

Statistics from the NBA disclosed today that Baylor, who poured in 165 points in four games in the last week, boosted his season total to 32 for nine games, a 50-point margin over the erstwhile leader, Jack Twyman of Cincinnati, who has played one less game.

Baylor's 64 points Sunday—topping the all-time mark of 63 set by Philadelphia's jumpin' Joe Fulks 10 years ago—also pulled him even with Wilt Chamberlain of Philadelphia in per-game pace. Chamberlain, who has played only five games, ranks third in the scoring with 12 points and he and Baylor now have the same per-game average, 36.4.

Boston players continue to dominate the other departments, with Bill Russell the leader in field goal percentage at .539 on 55 hits in 102 attempts, and in rebounds with 172 in seven games; and Bob Cousy, the assist leader, with 65 in seven games.

## Ex-Boxer Slashes Ward Aide, Flees Mental Hospital

CINCINNATI (AP) — Samuel Malone, once a heavyweight boxer here, slashed a ward aide and escaped from the dangerous section of Longview State Mental Hospital Monday night.

Malone, a 225-pound, 6-foot-2 strongman, approached attendant Jefferson Rice, 39, and asked him to unlock the ward door, police said.

When Rice resisted, Malone attacked him, apparently with shears, took his keys and fled.

Rice, severely cut on the jaw, arm, chest and back, was taken to Jewish Hospital.

Malone, 34, fought in this area more than 10 years ago. He had transferred to Longview from Veteran's Administration Hospital last May, after breaking a claims clerk's arm.

Police said Malone is normal most of the time, but subject to spells of violence.

## Slaughter To Manage Houston Club In 1960

HOUSTON (AP) — Baseball's ageless country boy—Enos Slaughter—steps down from the majors for the first time in 22 years next season.

He'll pilot the Houston Buffs in the American Association. But he says he'll still be in there taking his cuts as a playing manager—the swing that blasted out a .300 career batting average with four big league clubs.

"I'll never be too old to learn," the 43-year-old outfielder said at a news conference called by the Buffs for the announcement Monday.

"I'll listen to the rawest rookie about things that might help me or me," and he added, "I think I can be as tough as I have to be."

## Three Share Lead In Hockey Scoring

NEW YORK (AP)—Hot streaks have jumped Floyd Smith of Providence and Fred Glover and Ed Hoekstra of Cleveland into a tie for the American Hockey League scoring lead. Each has 20 points.

Smith and Glover each put away eight points in the past week, and Hoekstra, a rookie, picked up six. Smith has seven goals and 13 assists for 12 games while the two Barons each have nine goals and 11 assists in 16 games.

Bill Sweeney of Springfield, who shared the lead last week with rookie Stan Bialuk of Providence, upped his total four points to 19 before being called up by New York of the National League. Bialuk is a point behind in fifth place.

Larry Wilson of Buffalo leads in goals with 11 while teammate Bob Bailey is the assist leader with 14.

Hershey's Bobby Perreault retained his lead among the goalies with a 2.50 goals-against average.

## Jockey Rides Four Winners At Waterford

Jockey Rollin Reynolds had one of his finest days of riding Monday when he booted home four winners at Waterford Park before 2,371 fans.

Reynolds climbed into contention for top honors in Waterford's jockey colony with a total of 17 winners after Monday's brilliant performance.

His first victory was aboard Pondau in the third race followed by Occu-Pet, a 30-1 shot, in the sixth. Silent George in the eighth and Yon in the ninth.

## Porietis Scores 8 TD's

# Massillon, Marion Back Top Ohio Football Scene

By FRITZ HOWELL  
Associated Press Sports Writer  
COLUMBUS, Ohio (AP)—Massillon and Marion Harding hold the spotlight this week in Ohio scholastic football.

The mighty Tigers romped 90-0 over Barberton's Magics for their eighth straight conquest of the

total, giving him 168 for the campaign.

Springfield, second to Massillon in last week's poll, defeated Lima 22-6 to win the Greater Ohio League title and amass a 349-38 scoring record for eight straight wins. Tom Fugate of the Wildcats made two conversion points, giving him a 118 total, nine back of the school record set by Ron Burton, now of Northwestern. Howard Murphy, who made the other 20 points against Lima, has 110.

Massillon's romp over the Magics was the best the Tigers have done since they whipped Akron North 94-0 in 1922. Coach Leo Strang used every member of his big squad, and a mostly-sophomore team scored twice in the last two minutes.

East Liverpool, sixth last week, was the only Top 10 team to lose last weekend, the Potters dropping a 20-0 tilt to Salem. It was the sixth shutout and seventh win in eight games for the Quakers, the lone loss being to Ambridge, Pa. Salem quarterback Vince Horning completed seven of eight passes, six to 6-4 end Don Davidson, for 145 yards.

Fredericktown's 19 - game winning streak over three seasons was halted 14-0 by Crestline. Henry Weaver of Mansfield scored on runs of 76, 48, 31 and an 88-yard kickoff return, but Stan Wilcoxen matched 'em with runs of 30, 4, 75 and 14 as Canton McKinley won 44-14.

Cardington beat Mount Gilead 28-0, with Gary Crum scoring seven points to hike his total to 198. Shelby won its eighth in a row, 58-8 over Gallon, for its eighth Northern Ohio League title.

Hamilton Garfield beat Hamilton Taft 40-0 early this fall, but had to settle for a 14-12 nod as they tangled again Friday. Hamilton Catholic has eight straight after downing Middletown Fenwick 22-6.

Marietta also made it eight in a row as John Huston, out last season with hepatitis, ran 3, 60 and 48 yards for scores to down Coshocton 50-0. Waverly copped the Southern Ohio Conference crown by 42-0 over Wheelersburg.

Jim Albert of Canfield has 22 touchdowns and 16 extra points in his team's eight straight wins.

Police had to step in and halt a post-game brawl as Lorain defeated Toledo Waite 28-6. Lorain's Ray Martin scored three times, giving him 10 touchdowns in the last three games. Upper Sandusky lost its first four games and won the next four under new coach Jack Wilson—the latest 20-0 over Willard—as halfback Ed Schoenberger raced 31, 32 and 66 yards for touchdowns.

Steuenville's 47-0 win over Toledo Libbey was the second worst in the latter's history. The worst was a 52-0 loss to the Big Red in 1935.

Wellston, its last 26 games marred only by a 6-6 tie and an 8-0 loss, says 183-pound fullback Jim Evans is the best in that area.

The senior star has rushed 1,018 yards in 165 carries, and the eight victims have rushed for only 1,004 in 303 tries. He carried seven times for 153 yards in the 46-0 win over Middleport, scoring on runs of 22, 35 and 5 yards and on a 66-yard pass. He also intercepted two passes for a 61-yard return, kicks off, and does the punting.

The senior star has rushed 1,018 yards in 165 carries, and the eight victims have rushed for only 1,004 in 303 tries. He carried seven times for 153 yards in the 46-0 win over Middleport, scoring on runs of 22, 35 and 5 yards and on a 66-yard pass. He also intercepted two passes for a 61-yard return, kicks off, and does the punting.

Cardington beat Mount Gilead 28-0, with Gary Crum scoring seven points to hike his total to 198. Shelby won its eighth in a row, 58-8 over Gallon, for its eighth Northern Ohio League title.

Hamilton Garfield beat Hamilton Taft 40-0 early this fall, but had to settle for a 14-12 nod as they tangled again Friday. Hamilton Catholic has eight straight after downing Middletown Fenwick 22-6.

Marietta also made it eight in a row as John Huston, out last season with hepatitis, ran 3, 60 and 48 yards for scores to down Coshocton 50-0. Waverly copped the Southern Ohio Conference crown by 42-0 over Wheelersburg.

Jim Albert of Canfield has 22 touchdowns and 16 extra points in his team's eight straight wins.

Police had to step in and halt a post-game brawl as Lorain defeated Toledo Waite 28-6. Lorain's Ray Martin scored three times, giving him 10 touchdowns in the last three games. Upper Sandusky lost its first four games and won the next four under new coach Jack Wilson—the latest 20-0 over Willard—as halfback Ed Schoenberger raced 31, 32 and 66 yards for touchdowns.

Steuenville's 47-0 win over Toledo Libbey was the second worst in the latter's history. The worst was a 52-0 loss to the Big Red in 1935.

Wellston, its last 26 games marred only by a 6-6 tie and an 8-0 loss, says 183-pound fullback Jim Evans is the best in that area.

## Massillon, Marion Back Top Ohio Football Scene

By FRITZ HOWELL  
Associated Press Sports Writer  
COLUMBUS, Ohio (AP)—Massillon and Marion Harding hold the spotlight this week in Ohio scholastic football.

The mighty Tigers romped 90-0 over Barberton's Magics for their eighth straight conquest of the

total, giving him 168 for the campaign.

Springfield, second to Massillon in last week's poll, defeated Lima 22-6 to win the Greater Ohio League title and amass a 349-38 scoring record for eight straight wins. Tom Fugate of the Wildcats made two conversion points, giving him a 118 total, nine back of the school record set by Ron Burton, now of Northwestern. Howard Murphy, who made the other 20 points against Lima, has 110.

Massillon's romp over the Magics was the best the Tigers have done since they whipped Akron North 94-0 in 1922. Coach Leo Strang used every member of his big squad, and a mostly-sophomore team scored twice in the last two minutes.

East Liverpool, sixth last week, was the only Top 10 team to lose last weekend, the Potters dropping a 20-0 tilt to Salem. It was the sixth shutout and seventh win in eight games for the Quakers, the lone loss being to Ambridge, Pa. Salem quarterback Vince Horning completed seven of eight passes, six to 6-4 end Don Davidson, for 145 yards.

Fredericktown's 19 - game winning streak over three seasons was halted 14-0 by Crestline. Henry Weaver of Mansfield scored on runs of 76, 48, 31 and an 88-yard kickoff return, but Stan Wilcoxen matched 'em with runs of 30, 4, 75 and 14 as Canton McKinley won 44-14.

Cardington beat Mount Gilead 28-0, with Gary Crum scoring seven points to hike his total to 198. Shelby won its eighth in a row, 58-8 over Gallon, for its eighth Northern Ohio League title.

### \$2,913 Project Set At Midland

## School Heating System Due Repair

The Midland Board of Education Monday night approved \$2,913 in repairs to the heating system in the old high school building by the Minneapolis-Honeywell Co.

The board authorized the work after consulting with two representatives of the firm's Pittsburgh office who attended to inform members of the condition of the high school heating system.

Robert Gridley, a representative, said there is no control over heat in some 37 rooms. He said the rooms are overheated because thermostats, some 33 or 34 years old, are not functioning properly.

He said there are air leaks at the lead line connections which connect the thermostats with the main air pressure lines. Because of the leaks, furnaces, boilers and the air compressor are continually working, he said.

The board noted there would be a saving in gas and equipment and the students would be more comfortable with less heat if the system were repaired.

GRIDLEY SAID that before further needs of the system can be determined the leaks would have to be stopped. Repairs will include labor and new thermostats, one in each room rather than several as now. Work should take about 18 days' labor, he said. A schedule showing when rooms are not being used will be drawn up in order that work can be started soon. The cost will run about \$80 a room, Gridley said.

Thomas Buck, the other representative, told the board of a maintenance program of the company for the heating system in the new

gymnasium and administration building.

On a motion by James Morrison, finance chairman, the board approved payment of \$40,075 from the sinking fund account on principal and interest on indebtedness as of Dec. 1.

The board approved the hiring of John W. Wineman III, high school social studies teacher, as assistant track coach for \$100 a year on a motion by John Shovlin, athletic chairman. Shovlin said his committee is continuing its study to fill the junior high school basketball coach opening.

Approval was given for basketball classes to be held on 15 Saturdays beginning Dec. 5, with George Hamilton as instructor at \$2.50 per hour, following a recommendation by Supt. Ralph H. Jewell and a motion by Edward Cilli.

ON A MOTION by Frank Alo, personnel chairman, the board gave its permission for the High School band to play in the Christmas parade Nov. 28, opening the holiday shopping season.

A request was approved for the use of the new gymnasium Nov. 24 at 8 p. m. by the Tuscon Club for an exhibition basketball game. The rental fee will be the usual \$100, the board said. Admission will be charged by the club. The game will feature the Harlem Satellites and the local College All-Stars.

The board also approved a request for the use of the old gymnasium by Presentation Parochial School during the basketball season. There will be a \$10 rental fee. On a recommendation by Supt. Jewell, the board approved the renting of Santi Misto equipment, for the prevention of athlete's foot in both dressing rooms in the new building. The cost will be \$221 a year.

Jewell reported that the borough has constructed a parking lot on the upper level above 4th St. near the 4th St. School for about 10 cars. The board will write the borough a letter of appreciation.

THE BOARD approved Jewell's recommendation that 113 old graduation gowns, 126 caps and 67 white collars be advertised for sale. They might be of use to a choir, the board said.

Leslie B. Roach, president, informed the board that American Legion Post 481 has invited members to ride in the Veterans Day parade Wednesday.

In the last official meeting of

the board for Jack Haggerty, whose term will expire, board members expressed appreciation of his work.

Aloi's committee was given permission by Roach to consider applications for a janitorial opening. John Verzella, Midland service station operator, appeared before the board to explain how its driver training car was damaged recently.

Verzella said that according to a news item in a Midland paper he felt the board might believe he was responsible for the damage. He explained a student was driving the car at the time a door was damaged. Board members thanked him for the information.

RAYMOND CONJESKI, maintenance supervisor, recommended that the board purchase a \$190 electric auger to clean out sewer lines.

The board decided that members and the property committee will view a demonstration. Jewell was authorized to buy the equipment if members find it satisfactory.

Conjeski said there is a need for the equipment and in previous instances, equipment has been rented.

On a motion by Shovlin, the

board approved the renewal of insurance with the McGeehan Agency of Midland on the car used by the school nurse at a premium of \$115.82.

A letter was read from the Brad-dock Board of Education complimenting Midland students on their sportsmanlike conduct during a recent football game in Midland. Darrell Stillwagon, high school teacher, was excused from a recent absence.

General and other bills in the amount of \$15,931.44 were approved for payment. Cash receipts of \$14.08 were voted to be placed in the proper account.

Mrs. Eldamae Castelli, treasurer, reported a balance of \$185,833.61 as of Oct. 31. Rudolph Presutti, tax collector, reported a balance of \$27,545.96 on the tax duplicate of \$465,155.63 and \$2,328.93 deposited in taxes during October.

The recommendation of the Carnegie Library trustees to purchase books for \$182.15 was approved, along with interim orders placed by Jewell totaling \$846.40.

John McGovern of Beaver, a representative of the Pennsylvania Department of Health, met informally with the board after the meeting to discuss some needs of the schools.

### School Heating Study Is Proposed

COLUMBUS, Ohio (AP) — The day has passed when the classroom is heated by a pot-bellied stove. But the State Board of Education figures there's still a lot to learn about school heating and ventilating.

So, after wrestling briefly at Monday's meeting with the matter of federal aid to education, the board voted to contact the U.S. Office of Education.

It will ask to participate in an 18-to-24-month study of school heating, ventilating, fuels and insulation.

Paul Walker, a board member from Columbus, protested that state money should be used in such a project. If funds come from the U.S. Office of Education, he said, it involves federal aid to education.

Others contend it is more in the category of cooperative effort.

### Purchases Firm

CLEVELAND (AP) — Midland-Ross Corp. Monday announced the purchase for 23 million dollars of Surface Combustion Co. of Toledo and Columbus. Surface Combustion will operate as a subsidiary of Midland-Ross. Wade N. Harris, Midland president, said, and the two companies' combined sales next year should exceed 120 million dollars. Surface Combustion employs 1,800 and Midland-Ross 4,000 and together the firms have 70 million dollars in assets.

### Sales Total \$2,003 In Magazine Drive

With only two days of the drive remaining, the annual magazine sale conducted by East Liverpool High School students has reached \$2,003 in the drive for \$6,000.

An additional \$501 was reported Monday to boost the total. The sale ends Wednesday.

The top senior rooms so far are John Karaffa's registration room with 622 points, Miss Helen Capehart's room with 553 and Miss Hil-da Werner's room with 454.

Leading the junior rooms is John Monasky's with 468, followed by Rey Peduzzi's with 412. Michael Misconish's room is third with 399. Mitchell Smith's homeroom tops the sophomores with 332.

The annual magazine sale dance for students who sold at least one subscription will be held following the sixth period Thursday.

### Coal Hauling Down

CLEVELAND (AP) — Carriers hauled 979,548 net tons of coal on Lake Erie in the week ended Nov. 2, compared with 1,131,848 a year ago, the Ore and Coal Exchange reported. Coal shipments so far this season total 34,623,417 net tons against 32,884,993 in a similar period of the 1958 season.

## WHAT DOES THE LARK<sup>2</sup> HAVE THAT THE OTHERS DO NOT?

**IT HAS SIX BODY STYLES:** New convertible, new 4-door and 2-door station wagon, hardtop, 4-door and 2-door sedan! Selection of seven sophisticated colors. Interiors handsomely appointed in distinctive pleated vinyl or cloth upholstery. Nobody else has them. Why settle for less?

**IT HAS A POWERFUL, THRIFTY V-8 OR SUPER ECONOMICAL "6":** The Lark V-8 topped all other eights in last year's Mobilgas Economy Run. It's one of the fastest accelerating cars in the U.S.A. and is still more economical than some "sixes." Have your cake and eat it, too. The V-8 Lark (costs just a little more than the "6") offers all the advantages of new dimension cars plus potent performance matched to economy. The "six" offers spirited performance with, of course, greater fuel economy. Why be limited? Choose with The Lark! (Important! The Lark couples safety with power... V-8 brakes are biggest in field.)

**IT HAS CHOICE OF THREE TERRIFIC TRANSMISSIONS:** Automatic, three-speed stick shift, three-speed stick with overdrive. Lark automatic transmission has a full range of speeds including Park, Neutral, Drive, Low, Reverse. Low and Reverse are purposely placed together for rocking the car out of snow, ice or mud. Lark three-speed synchromesh is smooth, decisive, sure and, with overdrive, the engine loafs at cruising speed and cuts your gas bills even more. Which one suits you best? The Lark offers this choice, the others do not!

**IT HAS MANY UNUSUAL FEATURES:** For example, reclining seats that make into beds, front seat headrests, hillholder, Twin Traction (for driving through snow, sand, ice or mud), air conditioning, 4-barrel carburetor and dual exhausts, choice of axle ratios... many, many more. None of the others have this wide variety of optional features from which to choose.

**IT HAS PROVEN PERFORMANCE WITHOUT RECOURSE TO EXPERIMENTAL RUNS:** 130,000 Lark owners have driven a total of over 750 million miles under every conceivable road and weather condition. Result is: no "bugs" to iron out, no "hidden" mechanical faults... no problems for new owners. Dealers and service men everywhere know The Lark. Studebaker-Packard corporate records clearly show that Lark service and maintenance costs are one third of the automobile industry average. How can you go wrong on that?
